ARTICLE I

RECOGNITION

The Board of Education of Sesser-Valier Community Unit School District No. 196, hereinafter referred to as the Board, and the Sesser-Valier Education Association, hereinafter referred to as the Association, recognize that the ultimate aim of public schools is to provide the best education possible for children and youth in the district. Attainment of the educational objectives is a joint responsibility of the Board of Education, the administration and supervisory staff, and the professional teaching personnel, including staff participation in the consideration of items listed in Article III, Section A.

The Board of Education of Sesser-Valier Community Unit School District No. 196 recognizes the Sesser-Valier Education Association, an affiliate of the Illinois Education Association and the National Education Association, as the sole negotiating agent for the certificated employees of the District, except for the Superintendent and building principals.

ARTICLE II

PRINCIPLES

A. Attaining Objectives

Attainment of educational objectives of the District requires mutual understanding and cooperation between the Board, the administrative and supervisory staff, and the professional teaching personnel.

To this end, free and open exchange of views is desirable and necessary, with all parties participating in deliberations as defined in Article III, Section A.

B. Professional Teaching Personnel

It is recognized that teaching is a profession requiring specialized educational qualifications and that the success of the educational program in the District depends upon the maximum utilization of the abilities of teachers who are reasonably well satisfied with the conditions under which their services are rendered. As evidence of their acceptance of the professional rights and responsibilities of teachers, the Association pledges itself to abide by the Code of Ethics of the Teaching Profession.

It is further recognized that teachers have the right to join, or not to join, any organization for their professional or economic improvement. Further, any individual or group of teachers may present their view to the Board.

C. Board of Education

It is recognized that the legal responsibility for education is vested in the local Board of Education, and that this responsibility of final decision making cannot be delegated. However, the Board agrees to good faith negotiations. Final authority rests with the decisions of the Board of Education.

D. Administration

It is recognized that the Administration has a dual role to fulfill, as educational and professional leader of the staff and as chief administrative officer of the Board of Education. It is recognized that the administration has the responsibility to help provide those conditions which enable teachers and other staff members to achieve their professional goals within a framework of improved educational service to the pupils. Therefore, administration should be involved in decisions on matters which affect the exercise of their responsibility.

E. Good Faith Negotiation

Good Faith Negotiation is defined as a forthright, open exchange between both parties avoiding circumvention and delusiveness. Good Faith Negotiations are exemplified as replying in good conscience as to why a proposal is or is not acceptable.

ARTICLE III

NEGOTIATION PROCEDURES

A. Scope

Both parties agree that it is their mutual responsibility to meet at reasonable times and negotiate in good faith with respect to:

1. Salaries
2. Wage related fringe benefits
3. Conditions of employment
4. Grievance procedure

B. Committee Membership

Designated representatives of both the Board and of the Association shall constitute a joint negotiating committee for the conducting of good faith negotiations. Each team is to be represented at each negotiating session by no more than five (5) representatives.

C. Meetings

If negotiations are requested by either party on matters specified in Article III, Section A, the other party shall be notified in writing by January 15th of any year this Agreement is in force and such negotiations shall begin no later than the first Tuesday following the first Monday in February.

Special meetings between the participating parties will be called upon written request of any of the parties; the request shall contain the reason for the meeting. A mutually agreeable meeting date will be set within fifteen (15) days.

Facts, opinions and proposals will be exchanged freely during the meeting or meetings in an effort to reach mutual understanding and agreement.

All professional negotiation meetings shall be closed meetings with only participating Board and staff representatives in attendance.

D. Communication

Requests to the Superintendent shall be made to him or his designated representative; requests to the Board shall be made through the Superintendent; and requests to the Association shall be through the Superintendent.

E. Information

The Board and the Superintendent agree to furnish to the Association's members of the Professional Negotiation Committee, in accordance with their reasonable requests, appropriate information concerning financial resources of the District, tentative budgetary requirements and allocations, and such routinely prepared information as will assist the Association in developing intelligent, accurate, and constructive programs on behalf of the teachers and their students. Nothing herein shall require the central administration staff to research and assemble information.

The Association will furnish copies of any pertinent information as reasonably requested by the Superintendent or Board.

F. Requests for Assistance

All participants have the right to utilize the services of consultants in deliberations. However, the official spokesman shall be the designated negotiator for the party.

G. Agreement

Tentative agreements may be reached at any stage of the negotiations. When such tentative agreement is reached both parties shall initial such proposal as an indication of tentative agreement. Such agreement is subject to change by either party prior to final acceptance. When the Association and Board reach tentative agreement on all matters being negotiated, they will be reduced to writing and shall be submitted to the membership of the Association for ratification and to the Board for official approval. Upon ratification by both parties, they shall become an appendix to this Agreement. When necessary, provisions in the Agreement shall be reflected in the individual contract. The Agreement shall not discriminate against any member of the teaching staff, regardless of membership or non-membership in the teachers' organization.

H. Failure to Reach Agreement

Mediation

If the parties fail to reach agreement, either party may request the assistance of a mediator to assist in the resolution of outstanding issues. In the event that one party requests assistance, the other party shall join in the request for assistance. The Federal Mediation and Conciliation Service (FMCS) shall be notified and shall provide a mediator.

The format, dates, and times of meeting will be arranged by the mediator, and such meetings will be conducted in closed session.

The mediator shall meet with the parties or their representatives, or both, forthwith, either jointly or separately, and shall take such other steps as he/she deems appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement,

provided that the mediator shall not, without the consent of both parties, make findings of fact or recommend terms of settlement.

ARTICLE IV

GRIEVANCE PROCEDURE

A. Definition

Any claim by the Association or a teacher that there has been a violation, misinterpretation or misapplication of any of the terms of the Agreement shall be a grievance.

B. Time Limits

All time limits herein shall consist of school days except that when a grievance is submitted fewer than ten (10) days before the last day of school, time limits shall consist of school business days so that the matter may be resolved as soon as possible after the close of the school term. Time limits may be extended only with the written consent of the Superintendent and the Association.

C. Procedure

Step 1: An employee and his principal should first attempt to resolve a grievable problem through free and informal communications. When requested by either party, the Association representative may intervene to assist in this resolution. However, should such informal processes fail to satisfy the supervisor and the teacher, then a grievance may be processed as follows.

Step 2: If the complaint is not resolved in the initial meeting, the employee must present the problem in writing within twenty (20) days after the occurrence of the event giving rise to the grievance. This written complaint is to be presented to the Superintendent who will arrange a meeting within ten (10) days. The Association's representative, the Superintendent or his designee, and the grievant shall be present for the meeting.

The Superintendent shall provide the grievant with a written answer on the grievance within ten (10) days. Such answer shall include the reasons on which such answer is based.

Step 3: If the problem is not resolved at Step 2, the employee may request a meeting with the Board of Education to be convened within thirty (30) days of the request. The Association's representative, the Superintendent or his designee and the grievant shall be present at the meeting. Within ten (10) days of the meeting, the Board of Education shall provide a written response to the Association and the grievant, including the reasons for its decision.

D. Arbitration

If either party is not satisfied with the disposition of the grievance at Step 3, or the Step 3 time limits expire without action, then either the Association or the Board may submit the grievance to binding arbitration under the rules of the American Arbitration Association which shall act as administrator of the proceedings. If neither party files a demand for arbitration within thirty (30) days of the date for the Step 3 reply, then the grievances shall be deemed withdrawn.

The arbitrator, in his opinion, shall not amend, modify, nullify, ignore, or add to the provisions of this Agreement. His authority will be strictly limited to deciding only the issue or issues presented to him in writing by the School Board and the Association. However, it is mutually agreed that the arbitrator is empowered to include in his award such financial reimbursements as he judges to be proper. Each party shall bear the full cost for its side of the arbitration and will pay one-half (1/2) of the cost for the arbitrator.

E. Other

Provided both parties agree, Step 1 and/or Step 2 of the Grievance Procedure may be bypassed and the grievance brought directly to the next step.

No disposition of any grievance shall be in conflict with any of the terms or conditions of this Agreement.

By mutual agreement a grievance may be settled at any step without establishing precedent.

A grievance arising under this contract may be processed through the grievance procedure until resolution even after expiration of the contract.

ARTICLE V

EMPLOYMENT CONDITIONS

A. School Calendar

The Association shall be consulted annually by the Superintendent on the preparation of the school calendar for the coming academic year.

B. School Policies

A copy of the school policies shall be available to any teacher in the office of the Superintendent and the school's library(ies). All revisions in such policies shall be posted in the school offices and the three (3) teacher plan rooms within seven (7) days of its effective date.

C. Non-Discrimination

The Board and the Association agree that it is their mutual responsibility to treat all members of the bargaining unit in a fair and equitable manner. Accordingly, the Board and the Association agree that they will not discriminate against any staff member with respect to hours, wages, terms and conditions of employment, and equal representation by reason of the employee's membership or non-membership in any professional organization or participation or non-participation in any grievance, work stoppage or other job action. Further, the Association and its members agree not to discriminate against Board members and their families because of any contract dispute between the parties.

D. Teacher Qualifications

It is the desire of the Board to have all teachers fully qualified in the fields they teach and to work toward this goal as personnel and circumstances allow.

E. Preparation Time

The Board shall guarantee at least thirty (30) consecutive minutes per day, free of student contact, as a preparation period for each teacher.

F. Pupil-Teacher Ratio

The Board and the Association agree that pupil-teacher ratio is the major determining factor in relation to hiring and retention of personnel, the utilization of present facilities, and any future construction or building programs in the District.

G. Student Discipline Procedure

Although the Board recognizes that the teacher has the responsibility for the maintenance of discipline within his/her classroom, the Board also recognizes its responsibility to give all reasonable support and assistance to the teacher with respect to the maintenance of control and discipline in the classroom.

H. Special Education Needs

The Board shall attempt to satisfy needs of special education students by working to improve the present program.

I. Notification of Assignments

Teachers shall be given written notice of any tentative change in teaching assignments for the forthcoming year no later than seventy-five (75) days before the opening of school. In the event it is necessary to change the tentative teaching assignments after that date, the teacher affected shall be promptly notified and consulted. If the change in teaching assignment is not acceptable to the teacher, the teacher shall be allowed to resign with thirty (30) days notice.

J. Notification of Vacancy

All staff members are encouraged to apply for vacancies in which they are interested and qualified. The Board and Association believe that it is in the best interest of the students and the District for assignments to be made on the basis of qualifications and needs.

Whenever there are any vacancies in the District, any teacher may request to fill the position. Notification of such vacancies shall be posted in the school offices and the three (3) plan rooms. If any vacancies occur during the summer vacation, notification will be made by mail at the time of the first pay period following the vacancy.

K. Faculty Meetings

Faculty meetings shall be held as often as necessary on school time.

L. Personnel Files

All teachers shall have the right to examine their personnel file at any time and shall be made aware of any material placed in that file following the inception of this Article.

M. Reduction in Personnel

The Board and Association agree that, in the event of reduction of any personnel, the Board will conform and abide by the applicable sections of the School Code (105 ILCS 5/24-11; 105 ILCS 5/24-12 and 105 ILCS 5/10-23.5).

N. Contractual Continued Service

Contractual continued service in the District shall conform to the School Code (105 ILCS 5/24-11 and 105 ILCS 5/24-12).

O. Representation on Agenda

A representative of the Sesser-Valier Education Association will be granted recognition on the agenda of the regular meetings of the Board of Education. He or she shall report any pertinent information to the Board of Education and the Sesser-Valier Education Association concerning matters of mutual interest.

P. Professional Growth

If the Board wishes to require additional professional growth at a future date and agrees to negotiate this upon request with the Sesser-Valier Education Association, the Sesser-Valier Education Association will agree to withdraw the request for professional growth at this time.

Q. Paper Work

In order to reduce paper work for certified teaching staff, the following non-teaching duties will not be performed as they have in the past. Certified teaching staff having direct day-to-day contact with students will no longer be required to fill out the register book, write receipts for money collected, keep records of outstanding debts, or notify parents of those debts with the exception of the first day of the school year.

R. Seniority for Part-Time Teaching

At the time a teacher acquires tenure status, the teacher shall accrue seniority credit for part-time teaching experience as follows:

1. Only continuous teaching experience with the District, part-time or full-time, shall be counted in determining seniority credit.
2. Part-time teaching experience means teaching under a specific contract and not as a temporary day-to-day substitute teacher.
3. Seniority credit for part-time teaching experience shall be credited at the time tenure status is gained and for any part-time teaching subsequent to the attainment of tenure status that is continuous employment by the District. This provision shall be retroactive, and teachers currently on tenured status shall be given seniority credit for

- any part-time teaching experience prior to gaining tenure status provided the part-time employment represented continuous employment by the District.
4. Part-time credit shall be granted for part-time teaching where the qualifying teacher has been employed for either part of the school year or for part of the school day and such time shall be prorated by using the total equivalent number of teaching days divided by 180 days for each year.

Examples are as follows:

Example #1: A teacher who taught one (1) semester and one (1) day or ninety-one (91) days would be credited with $91/180$ of a year. ($91 \text{ divided by } 180 = 0.5055$ of a year)

Example #2: Any teacher who was employed for three-sevenths ($3/7$) of a day for the entire year would be credited with $3/7$ of a year. ($3 \text{ divided by } 7 = 0.4285$ or a year of 77.13 days)

S. Teacher Work Day

The teacher workday shall begin at 8:00 AM. All district teachers shall be in their classroom, assigned work station, laboratory in which the teacher is to conduct his/her first class of the day or attending to supervisory duties assigned by the Principal or Superintendent by 8:20 AM. The workday shall be concluded when, in the teacher's professional judgment, the work for the day is completed, but not before 3:30 PM unless an earlier departure time has been approved by the Principal or Superintendent. Morning duty will begin at 8:00 AM. There will be two high school teachers on duty each week.

All teachers will sign a sign out list in their respective office before leaving the school premises during the school day. They will sign in upon their return.

T. Teacher Evaluations

Teacher evaluations will be at least as frequently as required by state law. The local evaluation tool agreed upon by the Sesser-Valier Board of Education and the Sesser-Valier Education Association will be used.

U. Handbook Committee

A committee will be formed consisting of teachers and administration to prepare a Teachers' Handbook. The final product must be approved by both the Board of Education and the Association.

ARTICLE VI

LEAVES

A. Sick Leave

Beginning on July 1, 2011, when the first determination of sick leave award under this provision shall occur and on each July 1 thereafter, a teacher shall be eligible for a sick leave grant pursuant to the following table. To receive the award, the employee must on each July 1 when determinations are made (days are awarded on the first day of work) have the requisite number of years of service. Years of service for purposes of sick leave accumulation shall be consistent with the teacher's placement on the salary schedule, except that years of service shall be rounded to the nearest integer. This provision shall be prospective beginning August 15, 2025.

Years of Service	Normal Annual Allotment
0-9	12
10-19	13
20-29	15
30+	16

Sick leave shall accumulate without limit.

The term "sick leave" shall be interpreted to mean personal illness, quarantine at home, or serious illness or death in the immediate family or household. Maternity leave shall not be interpreted to mean sick leave.

B. Funeral Leave

An employee is entitled to up to three (3) workdays of paid funeral leave annually to make arrangements for or to attend the funeral of an immediate family member or in the case of a close personal friend. Such leave shall not accumulate if unused. Additional leave as may be necessary shall be charged as sick leave or as personal business leave at the discretion of the teacher.

C. Personal Leave

The Board shall allow three (3) days to be used for business or professional leave. Two (2) half days may be substituted for one of these days. Teachers may accumulate a maximum of five (5) personal leave days. All teachers must declare before the last pupil attendance day of each school year whether their unused personal days shall accumulate as personal days or sick leave.

One additional, non-cumulative day may be used with the teacher paying the substitute. Except in case of emergencies, two (2) days written notice of the necessity for leave shall be submitted to the Superintendent or his designee.

Teachers requesting four (4) or more consecutive personal days shall notify the Superintendent or Principal in writing at least one week in advance, except in the case of an emergency. Extended personal leave days will be left to the discretion of the Superintendent based on the availability of substitutes. The day immediately preceding or immediately following a legal holiday or school recess may be recognized as a business or professional leave day. This will be left to the discretion of the Superintendent based on the availability of substitutes.

D. Conference Leave

Each teacher shall be allowed to attend, with full pay, educational conferences, meetings or workshops sponsored by professional associations with the Superintendent's approval. Teachers attending professional meetings and conferences on approval of the Superintendent shall be reimbursed for actual meal expenses, lodging expense, and forty (40) cents per mile for travel expense.

If a teacher is required to attend a meeting or conference, and the District is reimbursed that teacher's expense, the teacher shall receive the amount of money which the District is reimbursed or the amount provided in the appendage, whichever is greater.

E. Release Time for Association Representatives

Upon written notice of the Association president, a total of ten (10) days leave with full pay shall be provided for representatives of the Association to transact business or to attend I.E.A. or N.E.A. professional meetings. Time blocks of half days or more will be granted upon request. The Association will reimburse the school district for the cost of the substitute teacher.

F. Special Education Release Time

All special education teachers will receive two (2) days release time to do diagnostic testing and prepare IEPs. The building principal shall have in his sole and exclusive discretion authority to add a third day if a teacher requests additional time.

ARTICLE VII

COMPENSATION AND BENEFITS

A. Compensation Schedules

The salary schedule is designated as Appendix A, and the extra duty pay schedule is designated as Appendix B. Both are incorporated into and made a part of this Agreement.

B. Illinois Teachers' Retirement Contribution

The Board shall pay on behalf of the employee out of the salary agreement listed in this contract the required contribution to the Teachers' Retirement System of the State of Illinois in the form of an employer-paid pension contribution pursuant to 40 ILCS 5/16-152 et seq., the intent of which shall be to shelter the contribution from federal income taxation pursuant to Section 414(h)(2) of the Internal Revenue Code and tax rulings 81-35 and 81-36.

C. Hospitalization Insurance

For the 2025-2026 school year, the Board shall pay \$1,450 per month toward the employee's share of individual hospitalization insurance and the minimum life insurance mandatory by the company. For the 2026-2027 school year, the Board shall pay \$1,650 per month toward the employee's share of individual hospitalization insurance and the minimum life insurance mandatory by the company. For the 2027-2028 school year, the Board shall pay \$1,850 per month toward the employee's share of individual hospitalization insurance and the minimum life insurance mandatory by the company. All conditions of insurance coverage shall be maintained at the standard in effect at the time this agreement is signed provided that such conditions shall be changed at the expressed provision of this agreement. In addition, if an employee chooses an available District hospitalization insurance coverage option that costs less than the said paid rate above, the employee will not be paid the difference between the monthly hospitalization insurance allotment and the selected coverage premium. If insurance increases over 14.5% or increases less than 10%, the SVEA negotiations committee and the Board will meet to discuss this benefit.

Teachers of District No. 196 who retire or are given a leave of absence for personal or health reasons may continue to participate in the District's hospitalization plan by paying the full cost of said plan.

D. Mileage Allowance

Car allowance and liability insurance when one is required to travel from Sesser-Valier Community Unit School District No. 196 for field trips and other business of the District as approved by the District Superintendent shall be paid for at the rate of forty (40) cents per mile.

E. Internal Substitution

If there is a need for internal substitution in the District and the need is known at least twenty-four (24) hours in advance, the individual, if required to use his planning period, shall be paid at the following rates: 50-60 minutes--\$26.00; 40-49 minutes--\$25.50; and 30-39 minutes--\$25.00. Additionally, if the internal substitution should fall on a day with a scheduled extended instructional period (i.e. semester exam day) and the individual substitutes 75-95 minutes, he shall be paid at a rate of \$35.00. All rates listed above in this paragraph include TRS (employer shall pay TRS out of \$26.00 above, e.g.).

F. Payroll Deductions

The School District shall deduct local Sesser-Valier Education Association dues from the September salary and submit same to the Association treasurer. At the teacher's option, I.E.A. and N.E.A. dues may be deducted from the teacher's monthly salary equally over a nine month period.

G. Pay Dates

Effective August 16, 2012, members of this bargaining unit shall have the option to be paid for work performed over either 10 months or 12 months on a twice-per-month basis as outlined below. On or before the first day of work during each school term, the employee shall provide notice of his selection of payroll option (10 months-20 payrolls or 12 months-24 payrolls) on a form provided by the district. In the event that an employee fails to notify the district of his payroll option, he will be paid over a 12-month period (the default selection).

Employees shall be paid twice-per-month in substantially equal installments in accordance with the payroll procedures of the District on the 11th and 26th of each month (reducing the number of pay dates from 26 to 24). All changes that affect payroll (deductions, inclusion of additional time sheets, other additions or subtractions) shall be posted not later than seven (7) calendar days prior to the issuance of payroll checks or the change sought shall be carried over to the next payroll period. An employee seeking to post a change shall make his or her request in writing to the district bookkeeper. The making of such request shall not lead to the inference that the change sought is or is not appropriate. In the event that a scheduled payroll falls on a Saturday, Sunday, or school holiday, the payroll shall be issued on the school business day immediately before the scheduled payroll date. For the purposes of this paragraph, "school holiday" shall mean a national holiday when school is not in session and a recognized holiday on the school calendar when school is in session.

Example #1: If a payroll is scheduled for Sunday, August 26th, said payroll would be issued on Friday, August 24th.

Example #2: If a payroll is scheduled for Monday, December 26th (a school holiday), said payroll would be issued on Friday, December 23rd.

Example #3: If a payroll is scheduled for Sunday, December 26th, said payroll would be issued on Wednesday, December 22nd (both Thursday, December 23rd and Friday, December 24th, are observed school holidays).

Example #4: If a payroll is scheduled for Saturday, December 26th, said payroll would be issued on Wednesday, December 23rd (both Thursday, December 24th and Friday, December 25th, are observed school holidays).

Example #5: If a payroll is scheduled for a date during a Spring Break (if any) in any given year, said payroll would be issued on the originally-scheduled date (i.e. payroll is not issued early during a Spring Break).

The intent of the parties hereto is that (1) no employee shall be pre-paid for work yet-to-be performed and (2) to establish 24 fixed payroll dates over a 12-month period.

H. Military Buy-Out

The Board agrees to pay the individual cost for any military provision under the Downstate Teacher Retirement System of Illinois. This provision can be used in addition to any other retirement incentive, bonus, or buy-out provision whether bargained with the Association or offered by the Downstate Teacher Retirement System of Illinois. This payment shall be made directly to the system.

I. Retirement

1. Base Severance Benefits

The Sesser-Valier Board of Education ("District" or "employer") shall provide a severance benefit (calculated on the basis of salary schedule pay and not including extra duty pay) to any Sesser-Valier certified employee who not later than January 2nd in any given year submits his or her irrevocable notice of retirement containing a certain retirement date. No such retirement date shall be more than three years later than the end of the school year in which the notice is given. In an emergency, the Superintendent may, at his discretion, approve a request to retire if the notice is received after January 2nd. Access to any incentive or benefit under this provision shall require the employee seeking the incentive or benefit to retire pursuant to the notice contemplated herein and pursuant to a TRS retirement program as contemplated herein.

The severance benefit shall be an amount equal to thirty percent (30%) of the employee's gross annual salary as reflected by proper placement on the salary schedule entitled SESSER-VALIER SALARY SCHEDULE INCLUDING BOARD PAID RETIREMENT (not including extra duties) during the employee's last year before retirement.

The calculation of the thirty percent (30%) shall be estimated at the time the notice of retirement is received by the employer, and a final calculation shall be made and the amount of the benefit adjusted as necessary at the actual time of retirement.

The intent of the parties is that the above incentive shall not be used in conjunction with any other retirement program offered by TRS if the benefit required by the employer to TRS or the employee would, when combined, exceed the thirty percent (30%) amount as specified above (in which case the employee shall not be eligible for the thirty percent (30%) severance benefit.). The benefit contemplated herein shall not be used in conjunction with a military buyout, if any payment for the military buyout is made by the employer during the employee's last four years of employment, notwithstanding any provision which might seem to suggest otherwise elsewhere in this contract. Neither shall the incentive provided for hereunder be available to any employee who retires under ERO or exercises an ERO option. The employer shall be permitted to recover without contest from the employee or the Association any incentive contemplated hereunder if paid to an employee who retires under ERO. All compensation for severance benefits resulting from Article VII; H (1): Base Severance Benefits, shall be a portion of a pooled benefit amount for distribution as provided herein (Section 3).

2. Sick Leave

In addition to a Base Severance Benefit, a benefit shall be granted by paying a retiring employee at the rate of \$200.00 per day for up to but not exceeding thirty (30) available, unused sick days in excess of 340 but less than 371 (30 days). This Sick Leave provision may be used in addition to any other retirement payment, benefit, or buy-out provision whether bargained with the Association or offered by TRS. Additionally the employer shall pay an employee retiring under a TRS retirement program \$25.00 per day for any unused accumulated sick leave not used as service credit to a maximum of 100 such days (maximum benefit of \$2500). Any unused sick days reimbursed at a rate of \$200.00 per day shall no longer be viewed as available, unused sick days for compensation at a rate of \$25.00 per day. An available sick leave day as used herein is a day that was awarded and accumulated under Article VI; A, Sick Leave, which, until the time of retirement, was available for use in the event of illness, and at the time of retirement as used herein, shall be used by reporting the day(s) to TRS for credit for creditable service or for compensation under the terms of this provision, not both. Any day compensated as a part of creditable service in accordance with the terms of this provision shall not be reported to TRS as an available sick leave day. The District shall report all days, as required, for individuals receiving compensation for available, unused sick leave days post retirement, and for whom service credit is not needed to meet the service credit requirements of TRS for full retirement (not using an ERO option.).

All awards for available sick leave from Article VII; H (2): Sick Leave, shall be added to the pooled benefit amount on the last day of employment and distributed as provided in Section 3.

3. Distribution

The time period between the date that the retirement letter is received until the actual date of retirement constitutes the pre-retirement period. During each year of the pre-retirement period, the employee's total creditable earnings will be increased from the creditable earnings derived using proper placement on the salary schedule to an amount equal to a 106% increase over the total creditable earnings for the prior year. The amount that it takes to increase the creditable earnings derived from proper placement on the salary schedule to the amount that is 106% above the creditable earnings from the prior year shall be deducted from the pooled benefit amount. The same procedure shall be used each year of the pre-retirement period until the total pooled benefit amount is paid out or retirement occurs. The calculation shall be adjusted, if necessary, so that the pooled benefit amount is never exceeded.

During the pre-retirement period until the final day of employment, the funds available for distribution from the pooled benefit amount will be solely derived from Article VII; H (1): Base Severance Benefits. On the last day of employment, the benefits due the employee from Article VII; H (2): Sick Leave, if any, shall be added to the pooled benefit amount. The employee's total creditable earnings will be increased from the creditable earnings derived using proper placement on the salary schedule up to an amount equal to a 106% increase over the total creditable earnings for the prior year paid in one lump sum on the last payroll check. The amount that it takes to increase the creditable earnings derived from proper placement on the salary schedule to the amount that is 106% above the creditable earnings from the prior year shall be deducted from the pooled benefit amount. The actual amount of increase will be determined by the actual dollar amount of the pooled benefit on the final day.

If retirement occurs prior to expending the pooled benefit, the remaining balance shall be paid to the employee in one lump sum. The benefits anticipated in this paragraph will be paid on or after the thirty-first day following the employee's retirement, but shall be paid prior to sixty days following the date of retirement.

In calculation of the six percent (6%) increases, the amount each year may be rounded down to the nearest \$5.00 to avoid TRS penalties.

4. Intent

The intent of the parties is that the employer shall not experience any penalty for payment to any teacher of any creditable earnings in excess of six percent resulting solely from Article VII; H, Retirement, and the bargaining that resulted in Article VII; H, Retirement, plus any wage increase in a given year was premised on that understanding. It was also the intent of the parties to protect present benefits and retirement income to the extent possible (without invocation of a penalty obligation on the employer) and not to penalize any employee financially, if not necessary, to protect the employer from penalty.

The benefits provided for hereunder shall not be available to any employee who retires under ERO or who exercises an ERO option. The employer shall be permitted to recover

without contest from the employee or the Association any incentive contemplated hereunder if paid to an employee who retires under ERO.

These provisions may be bargained at the discretion of the parties in a successor agreement; however, it is the intent of the parties that to the extent the employer can provide any employee offering a resignation under this provision the incentives provided for herein without incurring a TRS penalty for exceeding the 6% cap set forth in PA 94-04, the employer shall do so.

Either party may request to reopen consideration of this provision following any legislative changes or rule (including TRS interpretation of rules) changes that affect this provision for the purpose of negotiating appropriate revisions. Status quo for purposes of such bargaining shall be compliance with this provision (to the extent possible) but under no circumstances shall status quo be interpreted to require the District to incur any additional assessment or penalty. If and when bargaining begins pursuant to a demand to bargain and if and when no agreement can be reached on the issue, the employer shall not be required to distribute the pooled benefit amount in a fashion that would result in any increased cost to the District due to a TRS assessment or penalty resulting from the legislative change or rules change beyond the negotiated benefit amount paid in behalf of the employee and the District's normal obligation. The District shall distribute the pooled benefit amount in a fashion that results in no additional assessment or penalty with as great a portion as possible being applied to creditable earnings.

Any employee offering a resignation as outlined herein will receive the pooled retirement benefit as a minimum guarantee through up to three years beyond the expiration of this agreement as outlined herein regardless of the inclusion of this provision in successor agreements.

Once established, the retirement date can be moved forward without penalty to the employee so long as the employee will not retire under ERO or exercise an ERO option on the newly established date of retirement, and retirement may be moved forward as long as notice is given by January 2nd of the year of retirement. A greater portion of the pooled benefit amount may be distributed post retirement as negotiated herein.

This provision is tentatively agreed to and ratified with the understanding that Article VII; H, Retirement, will be submitted to TRS for review to obtain reasonable assurance from TRS that the District will incur no penalties or additional assessments resulting from Article VII; H, Retirement, and that the language of Article VII; H, Retirement, is not otherwise problematic to TRS. The language shall be revised through the negotiation process as necessary based upon findings from TRS and resubmitted and revised until reasonable assurance is obtained.

5. Death Benefit

In case of the death of a teacher while in service to the district, his or her estate shall receive an amount equal to the amount of sick leave benefit to which the employee was entitled at the time of his or her death as per Article VII; H (2): Sick Leave. Additionally if a teacher has turned in a letter of retirement prior to his/her death under the provisions of Article VII; H (1): Base Severance Benefits, his or her estate shall receive an amount equal to the amount of the benefit to be received in the school year in which death occurred. (The amount that it takes to increase the creditable earnings derived from proper placement on the salary schedule to the amount that is 106% above the creditable earnings from the prior year shall be the benefit for that year under Article VII; H (1): Base Severance Benefits.)

J. Committees

Committees (such as but not limited to: LPDC, Quality Review) meeting outside the work day will be paid \$22.00 per hour. All rates in this paragraph include TRS (employer shall pay TRS out of \$22.00).

- A. The salary amount reflects the total compensation paid by the district for the extra duty position.
- B. **Annual Filling of Extra Duty Positions:** Teachers holding extracurricular positions must notify the Superintendent by the April board meeting if they do not intend to fill the position for the next school year. The only exception to this would be an emergency situation (This would be left to the discretion of the Superintendent.). The Board of Education is not obligated to fill these extra duty positions, but if a position is to be filled, and the board is unable to fill the above positions with teachers after the positions have been posted for two (2) weeks after the April board meeting, they may negotiate with other personnel a sum not to exceed the above established salaries. Beginning with the 2001-2002 school year, any position that is filled by personnel outside the Sesser-Valier teaching staff for two consecutive years will still have to be posted to teachers each year. However, the Board is under no obligation to award such a position to the teaching staff until the current person no longer holds the position.
- C. **Ticket Takers:** The pay rate for ticket takers at extracurricular events will be \$40.00 per evening per person.
- D. In the event a bargaining unit member who is a coach or sponsor for the employer (in each case hereinafter, “employer” refers to the Sesser-Valier Community Unit School District No. 196) leaves his or her coaching or sponsorship position and accepts a coaching or sponsorship position in another district, then for so long as the employee shall remain in the employ of the employer, the employee shall have no right superior to any other applicant (whether such applicant is or is not a member of the bargaining unit) when applying for any extra duty position that may subsequently become vacant. This provision shall have full weight and effect with respect to any posted position effective upon execution of this contract and shall apply to all coaches or sponsors who left positions as contemplated herein regardless of when such coaches or sponsors left such positions.
