Absences

A student who is absent from school, or whose physician, physician assistant or advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Alcohol and Drugs

No student shall possess, use, deliver, sell, transmit or attempt to possess, use, deliver, sell or transmit any alcoholic beverage, any non-prescribed or illegal drug, or any substance which the student believes or represents to be any of the foregoing including, but not limited to, a look alike. Nor shall any student be under the influence of or purport to be under the influence of any of the foregoing substances other than those prescribed by a licensed practitioner for medicinal purposes. Such students shall be subject to discipline, including suspension and/or expulsion.

Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Animals

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations. Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Illinois State Board of Education, to take a number of actions to protect online student data. Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Asbestos

This is to notify you that Olympia Community Unit School District No. 16 has submitted its Management Plan prepared pursuant to the requirements of the Asbestos Hazard Emergency Response Act (AHERA), 40 CFR 763 for each school facility in Olympia. Copies of the Management Plan inspections, response actions and abatement projects are available in the Administrative Office of the School District and in the Administrative Office of each School Building. These plans are available for your inspection during normal business hours of the office (Monday through Friday, 8:30 a.m. to 4:00 p.m.) and during other times by special arrangement. We request that appointments be made with us to review such plans. To make arrangements, please contact the District Maintenance Office at 309-379-3003.

Attendance

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, and (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day,

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include but are not limited to:

- illness (including mental or behavioral health of the student)
 1. Students are allowed 5 mental or behavioral health days per year before a medical note is needed to excuse the absence
- observance of a religious holiday
- death in the immediate family
- family emergency
- situations beyond the control of the student as determined by the school board
- circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical safety or health
- as well as other reason as approved by the principal

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal. The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent or guardian is required to call the school sick line before 8:00 a.m. **Do not leave an attendance message on a teacher's voicemail.** If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will make contact with the parent/guardian of the student. If the parent/guardian cannot be contacted, a signed note from the parent /guardian explaining the reason for the absence will be required. Failure to do so shall result in an unexcused absence.

Same day requests for student homework must be made before 8:30 AM. Teacher will accommodate if time allows.

Students arriving or leaving during school hours **must be checked in and out of the office by a parent or parent designee.**

Students who have excused absences are expected to make up work and shall receive full credit for such work. It is required that make-up work be completed within the number of days equal in absence. It shall be the responsibility of the student to make arrangements for make-up work. Students who are tardy to school must report to the office for a tardy slip before reporting to their scheduled class. The principal may require a doctor's note for excessive absenteeism.

Excessive absences will result in the principal notifying the parent and the local Regional Office of Education in writing of the child's truancy. The principal may elect to work with local organizations, including but not limited to, the local police department and social services, to reduce the number of unexcused absences. Students who have been truant may be required to make up the schoolwork they missed.

PK students with excessive unexcused absences may be dropped from the program when there is a waiting list.

Parents may be notified by the school principal when a student's absences become excessive (more than 5% of the number of attendance days). The principal may require a doctor's note to excuse absences once the absences have become excessive.

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students: State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center. Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance. "Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions. The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/ guardian and any school officials who may have information about the reasons for the student's attendance problems. Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Faith's Law Notification

Employee Conduct Standards

School districts are required to include in their student handbook the District's Employee Code of Professional Conduct. These standards, in part, define appropriate conduct between school employees and students. A copy of these standards can be found on the District's website or requested from the Superintendent's office.

Building Conduct

Students shall arrive at school between 7:45-8:00 a.m. Students eating school breakfast may arrive at 7:30. Classes begin at 8:00 a.m. All students are dismissed at 2:25 p.m. Students are expected to conduct themselves by demonstrating the following behavior:

- Be respectful to all people, equipment and the school building itself.
- Be responsible for your work, belongings and your actions.
- Be caring and cooperative with classmates and all school staff.
- Be trustworthy.
- Be safe in everything you do.
- All behavior should be appropriate and follow building-wide expectations.

Bus Requests

Parents who wish to have their child ride a bus route different from the one assigned should send a note to the principal and designate with whom and where their child is to be dropped. You may also call the school office with this information before 1:00 p.m. Do not leave a transportation message on a teacher's voicemail. Requests will be approved by the principal, if there is seating available on the bus. The school office will then issue a bus pass.

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Bus stops will be updated on the Olympia Website following student registration to take into account any students that are new to the district or students that have moved away from the district.

Parents must, at the beginning of the school year, select the bus stop that is closest to their home, at which a student is to be picked up and dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal. If a student needs a bus pass, please contact the school secretary and one will be issued, provided there is room on the bus for additional passengers.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal. If a student is given a bus conduct report, the student's parents will be contacted by the building Principal to discuss the rules infraction.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits.
7. Eating and drinking are not allowed on the bus.
8. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
9. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
10. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
11. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
12. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact: Andrew Walsh (309)379-6011 x1111.

Bus Safety

Each student has a right to a safe bus ride and the responsibility to follow the rules. The purpose of this section on bus safety is to encourage appropriate behavior by each bus rider for the safety and well-being of all bus riders. It is expected that each student will do a good job of following the bus rules once they know and understand each of

the rules. The privilege of riding a school bus is extended to the students who follow the rules set down by the school. Should a child violate these rules and/or place in jeopardy the safety of others, his or her riding privileges may be restricted.

I. Bus Riding Rules

- A. Cooperate with the bus driver.
- B. Obey the instructions of the driver at all times.
- C. The bus driver is authorized to assign seats. Bus cameras will be used to ensure safety.
- D. Be courteous and use appropriate language. Treat others as you would want to be treated.
- E. Possession or use of alcohol, tobacco or controlled substances is prohibited.
- F. Eating, drinking, or chewing gum is prohibited.
- G. Stay seated. Keep head, hands, and feet inside the bus.
- H. Keep the bus clean and free from defacement or damage.
- I. Profane or obscene language is not acceptable.
- J. Personal phone calls and texting will be permitted as long as it does not serve as a distraction.
- K. Taking pictures &/or videos is prohibited while on the school bus.
- L. Listening to music and/or individual student electronic gaming may occur on the bus. If the gaming unit or listening device causes a disruption, it may be confiscated and discipline may result.
- M. School district is not responsible or liable for lost or stolen property.

For additional information refer to the separate pamphlet distributed by the bus driver.

II. Process for Handling Bus Riding Problems

To insure the safety of our students while riding the bus, it is imperative that the bus rules be followed closely. The rules will be posted on every bus and bus cameras will be used to monitor student behavior and ensure safety. The school bus driver is authorized to assign seats.

When inappropriate behavior occurs on the bus, the following procedures will be followed:

- A. On the first offense, the bus driver will issue a verbal warning to the student(s). This may be accompanied by contact with the students' parent/guardian.
- B. For further offenses, the bus driver will issue a Bus Conduct Report documenting the inappropriate behavior.
- C. The student will be informed that the conduct report is being issued and the driver will contact the parent/guardian to discuss the situation.
- D. The conduct report will be filed with the Transportation Director who will forward the report to the Building Principal.
- E. Upon receipt of the written report, the Building Principal or his/her designee will discuss the situation with the student and implement discipline as necessary. Appropriate consequences for inappropriate behavior include After School Detentions, Saturday School Detentions, Bus Suspension, In School Suspensions, Out of School Suspensions and/or Expulsion. When a Bus Suspension is necessary, the parent/guardian will be responsible for providing transportation for the student to and from school for the duration of the suspension.

Parents are encouraged to review these rules and practices with their children to highlight the importance of following the rules on the bus. We appreciate your support when a safety or discipline matter arises.

III. Bus and Bus Stop Procedures

In addition, the following procedures are to be practiced for the safety of everyone.

- A. Students are to treat the bus as they would their own furniture and possessions in their own home.
- B. Students are responsible for being on time at the designated bus stop and to know their bus schedule.
- C. Students are to stay off the road while waiting for the bus.
- D. Students are to remain standing at their designated bus stop until the bus has come to a complete stop.

- Only approach the bus after it has stopped.
- E. Students are not to ask the driver to stop at places other than the regular bus stop. Drivers are not permitted to do this, except by proper authorization from a school official. (Refer to #6 BUS REQUESTS.)
 - F. Students shall observe safety precautions at the discharge point. Where it is necessary to cross the highway, students shall proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Students shall then wait for a signal from the bus driver permitting them to cross.
 - G. Students shall be alert at all times to a danger signal from the driver.
 - H. Students shall remain in the bus in the event of a road emergency until instructions are given by the driver.
 - I. Students shall be absolutely quiet when approaching a railroad crossing.
 - J. Students shall observe the same rules and regulations on other trips under school sponsorship as they do between home and school. Students shall respect the wishes of the bus driver and the chaperone appointed by the school.

Certified Birth Certificate

In response to the Missing Children's Record Act (Illinois School Code 325) and Olympia School Board Policy 7:50, students are required to have a certified copy of their birth certificate on file at their residing school. Upon the failure of providing a certified birth certificate, the Building Principal shall immediately notify the person enrolling the student in writing that, unless he or she complies within 10 days, the case shall be referred to the local law enforcement authority for investigation.

Change of Emergency Information

If your address, place of employment, telephone number, transportation arrangements, custodial arrangements, or emergency number changes during the year, please update the information in Skyward, our online information database. Otherwise, you may contact the office with the changes.

Change of Residence Due to Military Service Obligation

If a pupil's change of residence is due to the military service obligation of the person with legal custody of a student, he/she may, with a written request from their legal custodian, maintain his/her residency as determined prior to the military obligation.

Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited

Discrimination and harassment on the basis of race, color, or national origin negatively affects a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from such discrimination and harassment is an important District and School goal. The District and School do not discriminate on the basis of actual or perceived race, color, or national origin in any of its education programs or activities and comply with federal and State non-discrimination laws.

Examples of Prohibited Conduct

Examples of conduct that may constitute discrimination on the basis of race, color, or national origin include: disciplining students more harshly and frequently because of their race, color, or national origin; denying students access to high-rigor academic courses, extracurricular activities, or other educational opportunities based on their race, color, or national origin; denying language services or other educational opportunities to English learners; and assigning students special education services based on a student's race, color, or national origin.

Harassment is a form of prohibited discrimination. Examples of conduct that may constitute harassment on the basis of race, color, or national origin include: the use of racial, ethnic or ancestral slurs or stereotypes; taunts;

name-calling; offensive or derogatory remarks about a person's actual or perceived race, color, or national origin; the display of racially-offensive symbols; racially-motivated physical threats and attacks; or other hateful conduct.

Making a Report or Complaint: Investigation Process

Individuals are encouraged to promptly report claims or incidences of discrimination or harassment based on race, color, or national origin to the Nondiscrimination Coordinator, a Complaint Manager, or any employee with whom the student is comfortable speaking. Reports will be processed under the District's Uniform Grievance Procedure.

Reports and complaints of discrimination or harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

Federal and State Agencies

If the District fails to take necessary corrective action to stop harassment based on race, color, or national origin, further relief may be available through the Illinois Dept. of Human Rights (IDHR) or the U.S. Dept. of Education's Office for Civil Rights. To contact IDHR, go to: <https://dhr.illinois.gov/about-us/contact-idhr.html> or call (312) 814-6200 (Chicago) or (217) 785-5100 (Springfield).

Prevention and Response Program

The District maintains a prevention and response program to respond to complaints of discrimination based on race, color, and national origin, including harassment, and retaliation. The program includes procedures for responding to complaints which:

1. Reduce or remove, to the extent practicable, barriers to reporting discrimination, harassment, and retaliation;
2. Permit any person who reports or is the victim of an incident of alleged discrimination, harassment, or retaliation to be accompanied when making a report by a support individual of the person's choice who complies with the District's policies and rules;
3. Permit anonymous reporting, except that an anonymous report may not be the sole basis of any disciplinary action;
4. Offer remedial interventions or take such disciplinary action as may be appropriate on a case-by-case basis;
5. Offer, but do not require or unduly influence, a person who reports or is the victim of an incident of harassment or retaliation the option to resolve allegations directly with the accused; and
6. Protects a person who reports or is the victim of an incident of harassment or retaliation from suffering adverse consequences as a result of a report of, investigation of, or a response to the incident.

Early Dismissal or No School

Severe weather may force school closings, late starts or early dismissals. You will receive a School-Reach message notifying you of any of these changes. Such changes in the school day will also be announced on the following Bloomington stations WJBC radio (1230 AM), WBWN radio (104.1 FM), WBNQ radio (101.5 FM), WGLT radio (89.1 FM or 103.3 FM), WMBD TV Channel 31, and WEEK TV Channel 25 . In addition, please check the Olympia School District Website for up-to-date information (www.olympia.org). It is important to note on early dismissal days, the high/middle school students will dismiss 30 minutes earlier than elementary students.

Electronic Signaling Devices

The personal use of electronic signaling devices (cell/**smart** phones, pagers, walkie talkies, digital cameras, digital

recording devices, MP3 players, iPods, Zune, or other signaling devices) prohibited during the school day, unless they are being used for an educational purpose with teacher permission. Any technology with the capacity to **capture**, transmit, or store **images** are NOT to be used for inappropriate or illegal purposes (e.g. pornographic or drug related) on school property at any time. Pornography will not be tolerated at school in any form of media.

It is not a violation of school policy for a student to have a cell phone in his/her possession, however, while the student is in class, the cell phone must be turned off. Students may NOT make or receive **electronic communications (calls, texts, tweets, etc.)** on a cell/smart phone during class. The School district is not responsible, or liable for lost or stolen electronic devices.

School personnel has the right to confiscate all personal electronic devices that are not being used for educational purposes, with teacher permission during the school day. Students using electronic devices who disrupt the educational environment at school may receive disciplinary consequences ranging from a verbal warning to suspension/expulsion.

Employee Ethics; Conduct; and Conflict of Interest

Professional and Appropriate Conduct

All District employees are expected to maintain high standards in their school relationships, to demonstrate integrity and honesty, to be considerate and cooperative, and to maintain professional and appropriate relationships with students, parents, staff members, and others. In addition, the *Code of Ethics for Illinois Educators*, adopted by the Illinois State Board of Education, is incorporated by reference into this policy. Such expectations shall establish guidelines for specific areas, including but not limited to:
 - a. Transporting a student
 - b. Taking or possessing a photo or video of a student
 - c. Meeting with a student or contacting a student outside the employee's professional role

4. Reference employee reporting requirements of the Abused and Neglected Child

Ethics and Gift Ban

School Board Policy 2:105, *Ethics and Gift Ban*, applies to all District employees. Students shall not be used in any manner for promoting a political candidate or issue.

Prohibited Interests; Conflict of Interest; and Limitation of Authority

In accordance with Section 22-5 of the School Code, "no school officer or teacher shall be interested in the sale, proceeds, or profits of any book, apparatus, or furniture used or to be used in any school with which such officer or teacher may be connected," except when the employee is the author or developer of instructional materials listed with the Illinois State Board of Education and adopted for use by the Board. An employee having an interest in instructional materials must file an annual statement with the Board Secretary.

For the purpose of acquiring profit or personal gain, no employee shall act as an agent of the District nor shall an employee act as an agent of any business in any transaction with the District. This includes participation in the selection, award or administration of a contract supported by a

federal award or State award governed by the Grant Accountability and Transparency Act (GATA) (30 ILCS 708/) when the employee has a real or apparent conflict of interest. A conflict of interest arises when an employee or any of the following individuals has a financial or other interest in the entity selected for the contract:

1. Any person that has a close personal relationship with an employee that may compromise or impair the employee's fairness and impartiality, including a member of the employee's immediate family or household;
2. An employee's business partner; or
3. An entity that employs or is about to employ the employee or one of the individuals listed in one or two above.

Employees shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or parties to agreements or contracts. Guidance Counselor Gift Ban

Guidance Counselors are prohibited from intentionally soliciting or accepting any gift from a *prohibited source* or any gift that would be in violation of any federal or State statute or rule. For guidance counselors, a *prohibited*

source is any person who is (1) employed by an institution of higher education, or (2) an agent or spouse of or an immediate family member living with a person employed by an institution of higher education. This prohibition does not apply to:

1. Opportunities, benefits, and services available on the same conditions as for the general public.
2. Anything for which the guidance counselor pays market value.
3. A gift from a relative.
4. Anything provided by an individual on the basis of a personal friendship, unless the guidance counselor believes that it was provided due to the official position or employment of the guidance counselor and not due to the personal friendship. In determining whether a gift is provided on the basis of personal friendship, the guidance counselor must consider the circumstances in which the gift was offered, including any of the following:
 - a. The history of the relationship between the individual giving the gift and the guidance counselor, including any previous exchange of gifts between those individuals.
 - b. Whether, to the actual knowledge of the guidance counselor, the individual who gave the gift personally paid for the gift or sought a tax deduction or business reimbursement for the gift.
 - c. Whether, to the actual knowledge of the guidance counselor, the individual who gave the gift also, at the same time, gave the same or a similar gift to other school district employees.
5. Bequests, inheritances, or other transfers at death.
6. Any item(s) during any calendar year having a cumulative total value of less than \$100.
7. Promotional materials, including, but not limited to, pens, pencils, banners, posters, and pennants.

A guidance counselor does not violate this prohibition if he or she promptly returns the gift to the prohibited source or donates the gift or an amount equal to its value to a tax exempt charity.

Outside Employment

Employees shall not engage in any other employment or in any private business during regular working hours or at such other times as are necessary to fulfill appropriate assigned duties.

English Language Learners

The school offers opportunities for English Language Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain. Parents/guardians of English Language Learners will be: (1) given an opportunity to provide input to the program, and (2) provided notification regarding their child's placement in, and information about, the District's English Language Learners programs.

For questions related to this program or to express input in the school's English Language Learners program, contact the Special Education Coordinator at (309) 379-6011, extension 9054.

Erin's Law

School districts in Illinois are required to implement a prevention - oriented child sexual abuse program that focuses on personal body safety. The law that requires this is called Erin's Law.

Field Trips

Field trips are a privilege for students. Parents will be notified of all trips outside of the regular school program. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

Fines, Fees, and Charges: Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Students will not be denied the opportunity to participate in curricular and extra curricular programs of the school district due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for federal free meals programs;
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line
3. The student is defined as homeless, as defined by the McKinney-Vento Homeless Assistance Act.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the District's decision to deny a fee waiver should be addressed to the Building Principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

Forms

The forms listed below are available in each school office. Please contact the school office if you are in need of one or more of the forms listed. A new form must be completed each school year.

- I. Medical Disability from Physical Education – Excuses a student from physical activity when completed by a physician.

- II. Photo/Interview Parent Form – Needs to be completed if parent does not want student interviewed or photographed for newspaper, radio, television or our website
- III. School Medications Authorization – Must be on file for a student to receive prescription or non-prescription medication during school time.
- IV. Pesticide Application Notification Registry - Optional

Grades and Grading Procedures-

K-5th grade teachers utilize skill progression reports, which measures a student's ability on specific academic skills. Students will receive a 4, 3, 2, or 1 for all standards assessed as described in the skill progressions. It is important to note that these scores indicate a student's progress towards that individual skill and are not transferable to letter grades. The Essential Skills For Learning and Success (Collaboration, Perseverance, Responsibility, Self-Advocacy, Respect) are five skills that are more abstract in nature, yet crucial to a student's success. Those five skills will receive a mark that corresponds to "mostly," "sometimes" and "rarely."

4-Exceeds - The student demonstrates a complete and in-depth mastery of the content and is able to apply the knowledge and skills to additional areas of learning.

3-Proficient - The student demonstrates and understanding of content/skill.

2-Approaching - The student is beginning to demonstrate a basic understanding of the required skills and concepts.

1-Beginning - The student does not demonstrate progress towards meeting the expectations of required content.

Health Care

The primary function of the Health Clerk is to promote student health and safety and maintain student records under the direction of the District Nurse. If a student becomes ill or injured at school when the Health Clerk is not present, another school official will provide care. Please contact the Health Clerk at your child's school or the District Nurse anytime you have questions or concerns. This handbook is not intended to be all inclusive. Students will be excluded from school for any health condition that in the professional, clinical judgment of the District Nurse places that student or others in the school community at a health or safety risk.

Accidents and Illness at School

If a student becomes ill or is injured at school, he or she should report to the office and the parents will be called. Parents are asked to be sure that the school has a number where they can be reached in case of emergency. If there is to be an insurance claim, the parent should notify the school office. All accidents and illnesses which occur at school or at a school function are to be reported to the office. If they are considered serious or if the accident or illness remains in question to the school nurse or office staff, parents will be notified.

Regular attendance at school is extremely important, but a student with a significant illness should not be in school. Sending a child to school with a significant illness may result in a delay in his/her recovery. Keeping ill children at home is also necessary to control the spread of the illness to other students.

An illness is considered significant if:

- A rash is present that has not been evaluated by a physician.
- Your child's temperature is 100.0 degrees or higher, or 1 to 2 degrees above the child's normal temperature. A child with such a fever should remain home for 24 hours after the temperature returns to normal (without the use of fever-reducing medicine).
- Your child vomits and continues to experience nausea and/or vomiting and/or diarrhea. A child with persistent vomiting/diarrhea should remain home for 24 hours after the symptoms stop.
- Your child complains of severe, persistent pain. The symptom should be referred to a physician for evaluation.
- Your child shows signs of upper respiratory infection (coughing, wheezing or other) serious enough to interfere with the child's ability to learn.

- There are signs of conjunctivitis (“pinkeye”) with drainage/matter coming from one or both eyes, itching, and/or crusts on eyelids. The child should be evaluated by a physician.
- There are open sores that have not been evaluated by a physician.
- There are signs of infestation with lice (nits in the hair, itchy scalp) the child should be evaluated for treatment with a pediculide. Refer to head lice section for more information.

If you are not sure about whether to send your child to school, call the school nurse for consultation. Do not send the child to school for the nurse to make the decision without speaking to her first. If you are still in doubt, call or visit your child’s physician.

The above guidelines will be used by the school officials in determining if an ill child should remain in school or be asked to be picked up by a parent. Students that return to school within 24 hours of a known fever or persistent vomiting will be monitored by school officials for returning symptoms.

School districts are not required to carry student accident insurance. If a student is injured at school or during a school activity, the parent/guardian’s health insurance company should be contacted for coverage. Additionally, the State of Illinois All Kids health insurance program is available to all children in the state regardless of income level. This program provides health insurance for children and includes accident insurance. Information about the All Kids program can be found at <http://www.allkidscovered.com/>.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student’s doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Head Lice Updates

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

Evidence based practices from the Illinois Department of Public Health, Center for Disease Control and American Pediatric Association recommendations will be followed. Current practices included and recommended:

- In home screening of family members and close contacts
- No regular screenings or rechecks in schools
- No notification of classmate parents (if there are multiple cases in one classroom the principal will determine if all students need checked)
- Notification of parent (of affected child) at the end of the day by phone or note indicating that prompt, proper treatment is in the best interest of the child and his/her classmates

General Information about Head Lice

Head lice (*pediculus humanus capitis*) are a nuisance, but they have not been shown to spread disease. The lifespan of an adult louse on a host ranges up to 30 days. During this time, the female head louse can deposit about 90 eggs.

After incubating for seven to 10 days, the nits hatch and, after another 10 days, mature into adult head lice and the cycle begins again. Off the host, adult head lice can live about two to four days at 74 degrees Fahrenheit (F) and one to two days at 86 degrees. Nits will remain alive off the host for up to 10 days; they will not hatch at or below room temperature (68 degrees F).

Head lice can be passed from person to person through direct contact. They also can be transferred indirectly among clothing items when coats, hats and scarves hang or are stored touching one another (in cloak rooms or when these items are placed against one another on coat hooks or racks). Head lice also can be spread when infested hair brushes or combs are shared or when infested bedding, towels or shower caps are shared. Once present in a home, school or institutional environment, head lice usually spread rapidly.

There are many misconceptions about head lice. They do not transmit communicable diseases. They do not jump or fly; they can only crawl. Head lice depend completely on their host for nourishment; their only source of food is human blood. The prevalence of head lice infestation is no different in individuals with long hair than in those with short hair. Head lice seldom occur on eyebrows or eyelashes. They infest persons from all socioeconomic levels, without regard for age, race, sex or standards of personal hygiene. Animals are not a source of human lice.

School Response

- If a teacher, teaching assistant, or other staff observe live lice on a student, they notify the nurse or health care tech, who will alert parents, and If appropriate, will send treatment information with the student at the end of the school day. Include IDPH Head Lice Fact Sheet.
- The student remains in the classroom and is NOT excluded from activities.
- Students are NOT rechecked by school staff.
- Teaching staff will not administer any type of treatment or put a child's hair up.
- Just as with any other sensitive information, teaching staff will not talk about a child having lice in the classroom with other children present
- In chronic cases, the administrator will determine if further intervention is required

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Required Immunization, Health, Eye and Dental Examinations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering Kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning. Failure to comply with the above requirements by September 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by September 15, the student must present, by September 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering Kindergarten or the school for the first time must present proof before September 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by September 15, allows the school to hold the student's report card until the student

presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after September 15.

Dental Examination

All children entering Kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. Failure to present proof allows the school to hold the child's report card until the student presents: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Religious or medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Exclusions

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning. Failure to comply with the above requirements by September 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by September 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan to specify whether the student will self-carry/self-administer diabetic testing supplies and insulin or if these medications will be kept in the nurse's office and administered with the help of an adult.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the District's policy may contact the Building Principal.

School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Olympia will work together with the local health departments and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.

8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital. Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program. A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact your child's building Principal.

Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

- (1) continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
- (2) enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Assistance and support for homeless families includes:

- Educational organizations and schools
- Food bank and meal programs
- Local service organizations (Goodwill, Salvation Army, etc.)
- Family shelters
- Medical services
- Other support

Invitation and Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed. Items such as these are of a personal nature and should be mailed home using the list in the school directory. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

Leaving School Grounds

No student is to leave the school grounds during the school day without checking in the office first. If you wish your child to leave during the school day, the student must bring written parental permission to the office.

Lost and Found

Students finding lost articles in the building or on the playground should take them to the office and/or Lost and Found where they can be claimed by the persons losing them. Anyone losing property should inquire at the office and/or the Lost and Found. Items remaining in the lost and found for three or more months during the year will be donated to a local charity. All items remaining in the lost and found at the end of the school year will be donated.

Mandated Reporting

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

News Information

Important information will be announced via School Reach as soon as possible. The district website (www.olympia.org) will also display important news updates. You may also check the Olympia Review newspaper, your local school's monthly newsletter and classroom newsletters for announcements and information about your school. Parent Right to Know

In accordance with the ESEA Section 1111(h)(6) PARENTS RIGHT-TO- KNOW, every parent of a student in a Title I school has the right to request information regarding the professional qualifications of their child's classroom teacher. You may request information regarding:

- Whether or not the teacher has met state certification requirements,
- Whether or not the teacher is teaching under emergency or provisional status,

- The bachelor's degree major of the teacher and any other certification or degrees held by the teacher, and the subject areas of the certification or degrees, and
- Whether your child is provided services by teacher aides/paraprofessionals and, if so, their qualifications.

You will receive a response to your request for information within 10 working days. If at any time your child has been taught for four or more consecutive weeks by a teacher not highly qualified, the school will notify you. If you have questions, please feel free to contact your building principal.

Parental Involvement Plan

In accordance with Board Policy 8:95 the flowchart represents the Olympia Parent Involvement Plan:

Pesticide Application Procedures

In 1999 the Illinois General Assembly passed laws requiring that public schools notify parents/guardians and school employees at least 48 hours prior to any pesticide applications on school property. The term “pesticide” includes insecticides, herbicides, rodenticides and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobial agents (such as disinfectants, sanitizers or deodorizers), insecticide baits, and rodenticide baits.

Olympia School District Unit # 16 has therefore established a registry of people who wish to be notified. If you wish to be included in this registry, please complete the *optional* form available at the school office. Submit it to the principal of the school the student is attending, with the principal forwarding a copy to Olympia School District Unit #16, 903 E. 800 North Road, Stanford, IL 61774. Any other questions you may have regarding the District’s pest management practices may also be directed to the Assistant Superintendent of Operations and Resources at 309-379.6011.

Phone

The school phone may be used by students for emergencies only.

You may call any building within the Olympia district by calling the Auto Attendant number for your local school. Instructions and numbers are:

Photo/Interview Parent Form

The Olympia School District is pleased to share our student successes, honors, achievements, and activities with our communities. We are interested in telling our story to a wide audience through newspapers, radio, television and our website. Throughout this school year, there may be times when your student is a part of this communication. If you have an objection to your child being interviewed or photographed, please request a photo/interview form from the school office.

Physical Education

The state law requires every child to take part in physical education classes. Any student released from participation in physical education beyond three days must complete the form available in each school office indicating the nature of the prolonged illness or injury and the anticipated return to full participation.

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

Students with an Individualized Education Program may also be excused from physical education courses.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases; and
2. The student's class schedule.
3. The student's ability to resume physical education

Prevention and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s). Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Report Cards/Mastery Manager Progress Reports/MAP district benchmark reports

Student mastery manager reports will be emailed to parents one week following the end of the grading period.. Hard copies of the report can be requested by the parent. Parents/guardians can log in to see final-4th quarter report cards by logging into Family Access from the Olympia homepage: www.olympia.org following the last day of school. District MAP benchmark assessments are given three times per school year (fall, winter and spring). Teachers will share a hard copy of the MAP family report after the assessment is completed.

Respect for Equipment and Facilities

Each student is expected to assume responsibility for the care of all school property. Students who damage property are responsible for paying the damages. Damage of a malicious nature will be considered a serious disciplinary matter.

Safety Drills

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Standardized Testing

Students and parents/guardians should be aware that students in grades 3-5 will take standardized tests on designated dates during the school year. Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.

9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.

11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student’s behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent’s determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look-alikes” of any firearm as defined above.

Gang & Gang Activity Prohibited

No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student’s ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

**School officials may request, or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website. This request may be made only if there is reasonable cause to believe that the student’s account contains evidence that he or she violated a school disciplinary rule or Board policy.*

Student Adjustment Period

Reasons for keeping a student after regular school hours shall include, but not be limited to: continuous talking, violation of rules after a warning, repeated failure to do assigned work, tardiness. Students will be given twenty-four hour notice before serving a detention. They will be given a slip stating the reason, which the parent is to sign and the student is to return to the principal or teacher. The notice home will include a parent pick-up time. Parents are responsible for arranging transportation.

Student with Disabilities Discipline Code

Discipline -Gross Disobedience or Misconduct by Students with Disabilities Use of Behavioral Interventions with Students Having Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education’s Special Education rules when disciplining special education students. No special education student shall be expelled if the student’s particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Isolated Time Out, Time Out, and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student’s behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The School may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral

support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

I. Purpose

It is the purpose of this policy to establish the process for Olympia School District # 16 to comply with relevant state and federal law on the use of behavioral interventions for students with disabilities.

Behavioral interventions shall be used with students to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The district will maintain a parent-teacher advisory committee to plan and annually review procedures for using behavioral interventions with children with disabilities. The school district will implement these procedures. This policy has been established after considering the State Board of Education's guidelines on the use of behavioral interventions.

While positive approaches alone will not always succeed in managing extremely inappropriate behavior, the use of more restrictive behavior interventions should be considered to be temporary and approached with utmost caution. The district will implement behavioral interventions in a manner consistent with generally accepted professional practice.

Readers of this policy should keep in mind that a wide variety of student disabilities exist. Consideration was given to various ages and disabilities when developing this policy.

II. Behavior Management

A written behavior management plan should be developed by the IEP (Individualized Educational Plan) team for students with disabilities who have significant behavioral and/or emotional needs and for such students who require the repeated use of restrictive interventions. The plan should be included as part of the student's IEP.

The selection of intervention strategies for use with an individual student shall be based on information derived from an analysis of behavior. Prior to selection of an intervention, a continuum of possible interventions should be considered.

The least restrictive intervention that is reasonable, calculated to produce the desired outcome, should be selected. When a behavior management plan is part of the IEP changes to restrictive interventions should be made by convening the IEP team.

III. Training and Professional Development

Special education teachers and related services personnel employed will provided this policy and procedures for behavioral interventions.

IV. Procedures for Implementing Behavioral Intervention Policy

Provided below is a non-exhaustive list of behavioral interventions according to the four levels or restrictiveness: nonrestrictive, restrictive, highly restrictive, and prohibited.

A. Nonrestrictive Interventions

Interventions listed as nonrestrictive are preferred, when appropriate, because of the low risk of negative side effects and the high priority placed on positive behavior change rather than behavior control. These interventions may be used without the development of a written behavioral management plan or inclusion in the student's IEP. The use of positive and non-aversive interventions should be given the highest priority and should be directed at the development of positive student behaviors and skills. The following interventions are nonrestrictive and may be used by any teacher, support services provider, or administrator:

1. Allow student to complete adjusted task
2. Allow student to escape task

3. Calling/notifying parents
4. Contingency contracts
5. Contingent exercise*
6. Detention
7. Deferential reinforcement
8. Direct instruction
9. Environmental or activity modification
10. Extinction
11. Modeling
12. Peer involvement/mediation
13. Planned ignoring
14. Positive practice/over correction*
15. Positive reinforcement (individual or group)
16. Prompting
17. Proximity control
18. Punishment writing*
19. Redirecting student (physically)*
20. Redirecting student (verbal or nonverbal signal)
21. Response-cost
22. Restitutional over correction*
23. Self-management
24. Shaping
25. Teaching alternative behaviors
26. Teaching self-reinforcement
27. Time-out (non-exclusionary-in class)*
28. Time-out (exclusionary-out of class)*
29. Token economy
30. Verbal feedback
31. Verbal reprimand

*Depending upon the student's needs. IEP, etc., these interventions may be restrictive in nature. With extensive use, these interventions may also become restrictive in nature. Additionally, if they adversely affect student learning or extreme negative behaviors occur in response to them, they could be considered restrictive interventions. Under these circumstances, all precautions (e.g. documentation) associated with a restrictive intervention should be followed. Refer to the Olympia Administrator's Notebook for a glossary of selected terms.

B. Restrictive Interventions

Restrictive interventions may be used in emergency situations or when less restrictive interventions have been attempted and failed. Restrictive interventions include aversive and deprivation procedures that are associated with higher risk of negative side effects. Repeated use of restrictive interventions should occur after a functional analysis of behavior has been completed and documented, a behavioral management plan written, and the IEP amended to include the behavior management plan. In most circumstances, nonrestrictive interventions will be attempted prior to restrictive. Restrictive interventions shall only be used in the following situations:

1. In emergencies
2. In conjunction with positive interventions designed to strengthen competing behaviors

The following interventions are restrictive but can be used as the result of the IEP team decision or administrator in the case of an emergency:

1. Forced physical guidance
2. Manual restraint

3. Inhibiting devices
4. Administrators retain the discretion to use the following up to 10 days in a school year:
5. Suspension
6. Exclusion from extra-curricular activities

C. Suspension and Expulsion

The following procedure may be used when a student with disabilities has engaged in gross disobedience or misconduct:

1. Suspension for a Cumulative Period Not to Exceed 10 days Total in Any School Year
 - a. The District's regular suspension procedures shall be used to suspend a student with disabilities for a cumulative period not to exceed 10 days in any school year.
2. Suspension beyond 10 days, or Expulsion
 - a. The district shall promptly notify the student's parent(s)/guardian(s) of the gross disobedience or misconduct and whether the student will be suspended. All procedural protections pertaining to notice provided under the regular education discipline policy shall apply to the notice. This information shall be confirmed in writing and the parent(s)/guardian(s) shall be advised as follows:
 - 1) That the multidisciplinary conference (MDC) team shall meet as soon as possible, but at least 10 calendar days after this notice was sent, unless such 10-day notice is waived by the parent(s)/guardian(s), to determine whether a causal relationship exists between the student's disabling condition and the student's alleged disobedience or misconduct: and
 - 2) That the student's parent(s)/guardian(s) are requested to attend the multidisciplinary team meeting at the date, time, and location of the meeting.
 - b. MDC Determination
 - 1) The MDC team may determine that the cause of the student's gross disobedience or misconduct is not related to the student's disabling condition. In that case, the student may be disciplined under the District's discipline policy for regular education students by measures up to and including expulsion. If the Board imposes expulsion or other disciplinary measures altering the student's special education program, an IEP meeting shall be convened to determine appropriate alternative means of service delivery.
 - 2) The Board may not expel a disabled student if the MDC team determines that the student's gross disobedience or misconduct is casually related to the student's disabling condition. The MDC team is responsible to address placement changes,

which may be appropriate in light of misconduct found to be disability-related.

- 3) Parent(s)/guardian(s) may object to a proposed change in their child's educational placement. -If the Superintendent believes that the student's behavior in the current placement poses a continuing physical danger to the student or to others, the Superintendent is authorized to seek an interim placement of up to 45 days as provided by relevant state and federal case law. Police will be contacted when any student (disabled or non-disabled) commits a criminal offense.

D. Highly Restrictive Interventions

Highly restrictive interventions are deemed inappropriate in most circumstances. The following are highly restrictive and may only be used by an MDC and/or IEP team:

1. Suspension beyond 10 days in a school year
2. Use of an isolation time-out room under direct supervision of a staff member
3. Expulsion with the provision of alternative educational services

4. Aversive mists, aromatics, tastes (may only be used if prescribed by a physician)
5. Mechanical restraints (excludes restraints prescribed by a physician or used as a safety procedure for transportation)
6. Altering length of school day

E. Prohibited Interventions

The district does not allow interventions that are illegal/prohibited. The following procedures are prohibited:

1. Corporal punishment
2. Expulsion with cessation of services
3. Physical manipulation used as an aversive procedure

Copies of the Illinois State Board of Education Behavioral Intervention guidelines can be obtained at the following address: Illinois State Board of Education, 100 North 1st Street, Springfield, Illinois 62777

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. - The length of shorts or skirts must be appropriate for the school environment.
- Appropriate footwear must be worn at all times. Tennis shoes must be worn for physical education.
- If there is any doubt about dress and appearance, the building principal will make the final decision.
- Students whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject to discipline.

Student Information

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and

eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Please contact your child's school if you do not want your child's information listed in the student directory. In addition, if you do not want your child's photograph used in school media (yearbooks, projects, newspapers, or school website), please contact the school.

Student Privacy Protections

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the Building Principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term “instructional material” means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Prohibition on Selling or Marketing Students’ Personal Information

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent’s first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver’s license number or State identification card.

Unless otherwise prohibited by law, the above paragraph does not apply: (1) if the student’s parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions., such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student’s personal information to a business organization or financial institution that issues credit or debit cards.

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal.

A complete copy of the District’s Student and Family Privacy Rights policy may be obtained from the Superintendent’s office.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member’s sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance examinations included on the student's academic transcript.¹

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a

¹ This section is only applicable to high schools. The board, by policy, may allow scores received on college entrance examinations to be included on a student's academic transcript, if a request is made in writing by an eligible student or student's parent/guardian. If your district has a board policy on point, include this language in your handbook procedure.

legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place

- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.²

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

U.S. Department of Education

Suspension and Expulsion

I. Exclusion of Students

It is the policy of the Board of Education to maintain in the schools an environment conducive to learning and conducive to the educational process. A student's conduct is largely a personal matter that should be maintained within limits of acceptability. However, school administrators and teachers have an important responsibility when a student's conduct intrudes upon and endangers the rights of other students to learn. Therefore, whenever it is necessary to exclude a student from the educational program or related services to protect the rights of other students, the following procedures shall be followed:

II. Definitions

- D. Bus suspension means an exclusion from riding a school bus for any length of time.
- E. Expulsion means exclusion for a period of more than ten (10) school days, but not beyond the end of the school year.

 - 1. The willful refusal to obey the policies, rules and regulations of the Board of Education.
 - 2. The willful refusal to obey all reasonable written or oral instructions of a member of the administrative staff.
 - 3. The willful refusal to obey all reasonable written or oral instructions of any member of the teaching staff, designated non-certificated supervisory personnel, or bus driver.
 - 4. Willful behavior which interrupts the orderly process of school affairs.

Suspension Authority

The Superintendent, Principal(s) and Dean of Students may suspend a student upon finding that the student has been guilty of gross disobedience or misconduct.

Emergency Suspension Authority

The Superintendent, Principal(s) and Dean of Students may suspend a student upon finding that the student has been guilty of gross disobedience or misconduct and an emergency exists. The emergency suspension shall not exceed ten (10) school days, or until hearing on the suspension or an expulsion is held, whichever is less.

Bus Suspension Authority

The Superintendent or Principal(s) may suspend a student from riding a school bus upon a finding that the student has been guilty of gross disobedience or misconduct.

Expulsion Authority

The Board of Education may expel a student upon a finding that the student has been guilty of gross disobedience or misconduct.

Suspension Procedures

- A. Except as set forth in subparagraph (B) below, prior to the imposition of a suspension, the following procedures shall be observed:
 1. The suspending official shall give the student oral or written notice of the charges that constitute the student's gross disobedience or misconduct and summary of evidence, which supports such charges.
 2. If the student denies the charges, the suspending official shall give the student an opportunity to explain the incident.
 3. The suspending official shall make a finding, based upon the evidence, which the charges are supported by the evidence and a suspension is in order.
- B. When an emergency suspension is imposed, the requirements of A 1, 2, and 3 above shall follow as soon as possible when practicable.
- C. As soon as possible after the imposition of a suspension, emergency suspension or bus suspension, the Superintendent, Principal(s) or Dean of Students shall notify the student's parent(s) or legal guardian(s) of the suspension. Targeted School Violence Prevention Program

Threats and acts of targeted school violence harm the District's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure environment is an important goal of the School and District. While it is not possible to completely eliminate threats, the School and District maintain a Targeted School Violence Prevention Program and a Threat Assessment Team to reduce these risks to its environment.

Parents/guardians and students are encouraged to report any expressed threats or behaviors that may represent a threat to the community, School, or self. Reports can be made to any school administrator, law enforcement authorities, or the Safe2Help Illinois helpline (www.safe2helpil.com/).

Students and parents are urged to participate in behavioral threat assessment and intervention programs if the Behavioral Threat Assessment Team believes that intervention is necessary to prevent a student from harming themselves or others. However, if for some reason there is a reluctance to participate in the process by the threat maker(s) or parent/guardian(s), the threat assessment process will continue in order to ensure a safe and caring learning environment for all.

For further information, please contact the Building Principal.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Uniform Grievance Procedure for Students

I. Explanation:

A grievance is a difference of opinion raised by a student or group of students involving application of the legal requirements of rights guaranteed in Board Policy 2:260 including:

- A. Title II of the Americans with Disabilities Act
- B. Title IX of the Education Amendments of 1972
- C. Section 504 of the Rehabilitation Act of 1973
- D. Claims of sexual harassment under the Illinois Human Rights Act, Title VII of the
- E. Civil Rights Act of 1964, and Title IX of the Education Amendments Act of 1972

This procedure is not intended to limit the option of the district and the grievant(s) to resolve any grievance mutually and informally. Hearings and conferences under this procedure shall be conducted at a time and place that will afford a fair and equitable opportunity for all persons.

The grievance procedure is not required if the grievant(s) prefers other alternatives such as the Office of Civil Rights (OCR) or the courts. Due process shall exist throughout the procedure with the right to: (1) representation; (2) present witnesses and evidence; (3) confidentiality; (4) review relevant records; and, (5) proceed without harassment and/or retaliation.

More detailed information is available in the offices of superintendent, building principal, dean, coordinator, and guidance counselor for equal opportunity. Time limits refer to days when school is in session.

II. STEP I

The student(s) and/or parent(s) should discuss the matter with the person(s) directly responsible for the grievance issue within fourteen (14) days of the time when a reasonably alert person should have been aware of the events giving rise to a grievance. An oral response must be made within five (5) days.

III. STEP II

If the problem is not resolved, the grievance should be referred informally to the principal. A meeting must be held within five (5) days from notification of referral and an oral response made within five (5) days.

IV. STEP III

If the grievance is still not resolved, it should be submitted in writing within ten (10) days to the Director for Instructional Programs. The grievance should be described as specifically and completely as possible. A thorough investigation of the issue will be documented. Extra time, if needed, can be mutually agreed upon. A meeting must be held between the grievant and the district representative within ten (10) days and a written response made within five (5) days.

V. STEP IV

If a satisfactory solution is not reached, the grievant(s) may appeal the issue in writing to the office of the superintendent or designee within ten (10) days from the receipt of the response on Step III. A meeting between parties will be held within ten (10) days and a written response made within five (5) days. A complete record of this meeting shall be kept and signed by both parties for possible future reference.

VI. STEP V

If the issue is not satisfactorily resolved on Step IV, the grievant(s) may appeal the grievance in writing to the School Board within five (5) days from the receipt of the written response. The Board shall consider the appeal within sixty (60) days and a written response shall be given within five (5) days.

Unsafe School Transfer

If a student is a victim of a violent crime that occurred on school grounds during regular school hours or during a school-sponsored event, the parent/guardian may request a transfer to another public school within the district.

Use of Artificial Intelligence

“Artificial intelligence” or “AI” is intelligence demonstrated by computers, as opposed to human intelligence. “Intelligence” encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models.

AI is not a substitute for schoolwork that requires original thought. Students may not claim wholly AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without consultation with a teacher or administrator is strictly prohibited, and constitutes cheating or plagiarism.

In certain situations, AI may be used as a learning tool or a study aid. Students may use AI as authorized in their Individualized Education Program (IEP).

Students may not use AI, including AI image, video, or voice generator technology, to violate school rules or school district policies.

In order to ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

Use of Internet

Students will have access to the Internet for educational purposes and may utilize this tool with the permission of a faculty member or building administrator and the signed consent of the “Internet Use Agreement” policy by a parent/guardian. Students with access to the Olympia Electronic Mail System will abide by the guidelines of the Internet Usage Agreement.

Violent Offender

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth. You may find the Illinois Sex Offender Registry on the Illinois State Police’s website at: <http://www.isp.state.il.us/sor/>.

You may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police’s website at: <http://www.isp.state.il.us/cmvo/>.

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher’s conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.

7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.
14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.
15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

I. Registered Sex Offenders

Any person required to register as a sex offender pursuant to the Illinois Sex Offender Registration Act, 730 ILCS 150/1 et seq., and any "child sex offender" as defined in Section 11-9.3 of the Illinois Criminal Code, 720 ILCS 5/11-9.3, shall not, at any time when a person under the age of eighteen (18) is present: (1) enter onto school property; or (2) loiter on a public street or other public way within five hundred (500) feet of school property unless: (1) such sex offender is the parent or guardian of a student who is present on school property; or (2) such sex offender has received advance approval from the Superintendent or School Board to be present on school property.

Any such sex offender who is permitted to come onto school property, either by the Superintendent or Board, must report to the office of the building principal immediately upon his or her arrival and departure from school and, if present in the vicinity of any child, must remain at all times under the direct supervision of the building principal or other designated school official. In cases where advance approval is granted, the Superintendent or Board President shall inform the appropriate building principal, or his or her designee, that the sex offender will be present and advise of the nature and hours of such person's presence on school property. The District shall notify the appropriate law enforcement authorities immediately if any such sex offender violates this Policy.

As used herein, “school property” includes the District’s school buildings and school sites, vehicles used to transport students to and from school and school-sponsored events and any other property either owned or leased by Olympia.

Volunteers

All school volunteers must bring their Drivers License/State ID/Passport to sign in the main office upon each visit. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal. Volunteers are required to check in and out at the main office and receive a visitor’s sticker that must be visible before going to their destination.

Withdrawal from Olympia C.U.S.D. NO. 16

If you should move out of this school district and plan to transfer to another school, please notify the office. A transfer form will be issued to take to your new school (Form ISBE 33-78 - Good Standing).

These rules apply while students are in school, on school grounds, on school buses, at school-sponsored and related activities, whether or not on campus and whether held before or after school, on evenings or weekends. PESTICIDE APPLICATION PROCEDURES

In 1999 the Illinois General Assembly passed laws requiring that public schools notify parents/guardians and school employees at least 48 hours prior to any pesticide applications on school property. The term “pesticide” includes insecticides, herbicides, rodenticides and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobial agents (such as disinfectants, sanitizers or deodorizers), insecticide baits, and rodenticide baits.

Olympia School District Unit # 16 has therefore established a registry of people who wish to be notified. If you wish to be included in this registry, please complete the *optional* form in the middle of this handbook for the current school year. Submit it to the principal of the school the student is attending, with the principal forwarding a copy to Andrew Wise, Olympia School District Unit #16, 903 E. 800 North Road, Stanford, IL 61774.
