ARTICLE I

RECOGNITION

1.1 Definition Unit

The Board of Education of Benjamin School District 25, DuPage County, Illinois, hereinafter referred to as the "Board," hereby recognizes the Benjamin Education Association, hereinafter referred to as the "Association," affiliated with the Illinois Education Association and the National Education Association as the sole bargaining agent for all full-time and part-time regularly employed certificated personnel except the superintendent, other central office professional staff, building principals, assistant principals, and substitutes, the foregoing exceptions being compensated pursuant to Board policy.

1.2 Definition Teacher

The term "teacher," when used hereinafter in this Agreement, shall refer to all employees represented by the Association in the negotiating unit as determined above.

ARTICLE II

EMPLOYMENT CONDITIONS

2.1 School Calendar

The school calendar shall consist of 185 days or such minimum number of days as may be required by law. Teachers shall work 180 days in consideration of the annual salaries set forth herein. If the teacher works in excess of 180 days as part of a Board-approved assignment (before the commencement of and/or after the conclusion of the regularly adopted school calendar), such teacher shall be compensated for such work at a sum of money equal to 1/180 of such teacher's last annual salary as set forth in the salary schedule herein. The foregoing shall not apply to summer school, workshops, conferences, or other voluntary activities. Compensation for voluntary assignments will be set by agreement between the Board and the Association. The Association will be consulted in the construction of the school calendar.

2.1.1 Records Day

The salary schedule reflects 180 teacher workdays. If the Board, at its discretion, chooses to schedule a Records Day, such Records Day shall be an optional day of attendance for teachers. If a teacher chooses to report to work on a Records Day, the teacher shall not receive compensation for that day.

2.2 Planning Time

Teachers will be provided with a minimum of five duty-free planning periods per week. The administration will make every effort to schedule daily planning time for teachers.

Teachers in grades K-4 shall have one half-day per academic quarter to be used for common planning activities. The agenda for the common plan meetings will be determined by each team leader, who may solicit input from teachers and the principal.

2.3 Professional Staff Work Schedule

Teachers shall be present for duty at the place of their first assignment at least 15 minutes prior to the tardy bell in the morning and at least 15 minutes after the dismissal of school on all days when school is in session.

In addition, teachers shall be present for Institute and In-service Days as scheduled, building and district staff meetings, special education staffings, parent orientation and open house nights, and other district-sponsored events where teacher participation is a requirement as determined by the superintendent. Annually, the superintendent will publish to the building administrators and BEA president a list of beyond school day activities requiring teacher attendance. Any addition to the previous year's list will be subject to the agreement of the superintendent and BEA president. Full-time teachers who travel between schools will have their activities adjusted to be equivalent to what other full-time teachers have. Part-time teachers' activities will be prorated.

All teachers shall receive a duty-free lunch period as required by law.

2.4 Personnel File Review

Each teacher shall have the right to review contents of his/her own personnel file under the following conditions:

2.4.1 Written Request

Written request is made to the superintendent prior to inspection;

2.4.2 Review

The superintendent, upon receipt of such request, shall schedule a review at such time as may be mutually agreeable;

2.4.3 Conditions Of Review

Review shall take place during regular business hours of the Administration Service Center when school is not in session in the presence of the superintendent or designee; and,

2.4.4 Right To Representation

The teacher shall have the right, upon request, to have a representative of the Association present during review.

2.5 Parent Complaints

Any complaint by a parent of a student directed towards a teacher shall be channeled as follows: a. Teacher; b. Principal; c. Superintendent; d. Board of Education. If the complaint is not resolved between the teacher and parent or if the parent does not bring the complaint to the teacher, the immediate supervisor will inform the teacher about the complaint and schedule a joint meeting among parent, teacher and supervisor for the purpose of resolving the problem, unless immediate action is necessitated by suspected or actual danger to the welfare and safety of students and other school personnel. In cases requiring immediate action, the conference with the teacher will be held as soon as practicable. Any complaint about school personnel will be investigated by the administration before consideration and action by the Board. The teacher will be consulted should it be deemed necessary for the Board to take action. The teacher who is subject of the complaint shall have the right, upon request, to have a representative of the Association present at any such conference involving a parent complaint directed toward the teacher and the administration shall have the right to have a representative of its choosing present at any such conference.

2.6 Employee Discipline

The term “discipline” includes verbal and written reprimands, paid and unpaid suspensions, docking of pay, and dismissals for cause provided, however, that teacher dismissal shall in all respects be governed by the provisions of *The Illinois School Code* and not the provisions of this Agreement. Written reprimands may be issued by the Board, the superintendent or the designee with a copy included in the teacher’s personnel file. The teacher shall have the right to file a written response to any such filing, which response shall be attached to the contested document and placed in the teacher’s personnel file. Suspension without pay may be determined by the Board or the superintendent within the provisions of Board policy and state law.

Any teacher required to appear before the Board or administration concerning any matter which the teacher believes may result in disciplinary action is entitled to have an Association representative in attendance at such meeting. The right to an Association representative shall not apply to evaluation conferences or to informal, impromptu discussions regarding teacher performance.

2.7 Substitutes

The administration shall make every effort to provide substitutes for all absent teachers except when no substitutes are available or for emergency situations such as short notice. In any case, should a teacher be asked to surrender his/her planning period or lunch time to substitute, that teacher shall be compensated at the hourly rate stated in the extra-duty schedule.

2.8 Instructional Load Committee

There shall be formed a permanent joint committee for purposes of monitoring and making recommendations regarding the instructional load in the district. The committee shall be

composed of four teachers, two from each building, appointed by the president of the Association and one principal appointed by the superintendent.

The committee shall schedule monthly meetings during the school year, but may adjust the meeting schedule according to current needs. The committee will study enrollment figures, class sizes and special instructional problems brought to its attention by staff members.

The committee shall make recommendations to the Board through the superintendent regarding possible solutions to instructional load problems.

2.9 Teacher Generated Curriculum Work

Unless required under special circumstances, the task of writing curriculum will normally be accomplished during the summer recess. Teachers approved for this work will be paid at the hourly rate found in Exhibit Article II of this Agreement. Before accepting such assignment, the teacher(s) will be informed of the number of hours anticipated to complete the work to be performed and the expected completion date. Teachers approved for this work will determine the project work schedule and location.

In selecting teachers for this work, preference will be given to teachers who are members of the curriculum committee for the selected curricular area. Further consideration will be given to ensure grade level representation.

Upon completion of the curriculum work, a draft of the completed work will be presented to the Superintendent or designee. Upon completion of the work, compensation will be paid in the payroll period following project completion.

2.10 Committee Meeting Guidelines

A. Committees

1. Each teacher should consider serving on one (1) committee each year. Committee assignments will be made on the basis of teacher preference, grade level representation and expertise required. In the event there are an insufficient number of teacher volunteers to serve on a designated committee, the superintendent may assign a teacher(s) to serve on such committee. However, no teacher shall be required to serve on more than one committee per school year.
2. A teacher may voluntarily choose to serve on more than one committee. Recognition of this voluntary participation will be noted in the teacher's personnel file.
3. The committee's goals for the year will be reviewed at the first meeting.

4. Committee members will select a chairperson (teacher or administrator) who will have the responsibility of preparing an agenda for each meeting and conducting the meeting. Teachers are encouraged to serve in the chairperson's role.

B. All Meetings

1. The goal is to run efficient and productive meetings. After-school meetings, both required and voluntary, will begin as close to dismissal as possible and may not run beyond 4:15 P.M. at Benjamin or 4:30 P.M. at Evergreen, or as a voluntary committee may choose to determine. The meetings will be adjourned once the agenda is completed, but no later than the aforementioned times.

Meetings cannot be efficient and productive if participants are not present. The expectation is that all staff will be available on Wednesdays for meetings to as late as 4:15 P.M. at Benjamin or 4:30 P.M. at Evergreen. Extracurricular activities are not to be scheduled on Wednesdays if they will require teachers to leave prior to 4:15 P.M. at Benjamin or 4:30 P.M. at Evergreen. Classes on Wednesdays will not be approved for tuition reimbursement or lane advancement if they require a teacher to leave prior to 4:15 P.M. at Benjamin or 4:30 P.M. at Evergreen. The superintendent will exercise discretion approving exceptions to these guidelines.

2. Committees are responsible for preparing minutes of their meetings and must send a copy to the administrator in charge of curriculum. Committees may elect/appoint a secretary or rotate this responsibility.
3. On early dismissal days, teachers may not leave prior to 4:00 P.M. at Benjamin or 4:30 P.M. at Evergreen. If all agenda items have been addressed, teachers will be dismissed to work within the building until 4:00 P.M. at Benjamin and 4:30 P.M. at Evergreen. If the two schools are combined for an early dismissal day/meeting, teachers may not leave prior to 4:00 P.M.
4. An attempt will be made to avoid scheduling meetings before major events or holidays.

2.11 Teacher Workload

Teachers may discuss concerns regarding workload, class size, or class composition with the building principal. The teacher may appeal the decision of the building principal to the Superintendent or designee.

2.12 Licensure/Certification Reimbursement

Any teacher assigned a position for which additional licensure or certification is required from the Illinois Department of Professional and Financial Regulation (in addition to holding licensure issued by the Illinois State Board Of Education), to enable the provider to bill the cost of services provided to students to Medicaid, shall be eligible for reimbursement of the actual cost of the licensure or certification. To receive reimbursement for the license or certification the teacher must be currently employed by the District and submit to the Superintendent, or designee, proof of payment and a copy of the license or certification.

ARTICLE III

ASSOCIATION RIGHTS

3.1 Association Meetings

The Board agrees that the Association shall have the right to use school buildings for meetings on school days during hours when the building is open and school is not in session. Requests to use school buildings shall be made to the building principal. Such use shall not interfere with or interrupt school operations or conflict with previously scheduled activities. When special custodial service is required, the Association shall reimburse Benjamin School District 25 for the cost of such service.

3.2 Association Notices And Information

3.2.1 Association Communications

The Association shall have the right to post notices of its activities on a teacher bulletin board at a specific location at each site. The use of teacher mailboxes to deposit Association mail shall be made available to the Association for communications. The Association shall be permitted use of a computer and copy machine, provided the Association reimburses Benjamin School District 25 for paper and supplies used.

3.2.2 Board Communications

The Association shall be given copies of agendas prior to meetings of the Board and copies of minutes after approval by the Board.

3.3 Association Release Time

The Board shall allow the Association president three (3) days release time at full pay for attending to those matters of Association business, provided that written advance notice is given the superintendent for such release time. An additional four (4) days release time total may be granted to the Association president or designee(s) of the Association president, provided that the Association shall reimburse the Board the cost of substitutes, if any, for such four (4) days release time.

ARTICLE IV

GRIEVANCE

4.1 Definitions

4.1.1 Grievance

A grievance is defined as a written complaint or claim by a teacher or the Association that there has been a violation, misinterpretation or misapplication of specific provisions of this Agreement.

4.1.2 Days

Days shall be school days, except that when a grievance is submitted less than ten (10) days before the close of the current school term, time limits shall consist of all weekdays when the business office is open in order that the matters may be resolved before the close of the school term, or as soon thereafter as possible. School days for purposes of the grievance procedure shall mean teacher employment days.

4.2 Right To Representation

4.2.1 Assistance

The Board acknowledges the right of the Association to assist a grievant at any level of the grievance procedure if it obtains the consent of the grievant, and the Association acknowledges the right of any member of the administration to receive assistance as desired in any step of the grievance procedure.

4.2.2 Presence

At any level of the grievance procedure, the Association will have been given the opportunity to be present.

4.3 Time Limits

Failure of any teacher or the Association to act on a grievance within the prescribed time limits will act as a bar to any further appeal and an administration's failure to give a decision within the prescribed time limits shall permit the grievant to proceed to the next step. The time limits, however, may be extended by mutual consent.

4.4 Informal Discussion

Before a grievance can be processed formally, the aggrieved party or parties shall have made an attempt to resolve the problems through free and informal discussion with the immediately involved supervisor. The two parties may agree to an informal discussion with the building principal and/or superintendent before going to the next step.

4.5 Initiating A Grievance

4.5.1 Grievance At Building Level

If a problem cannot be resolved informally, the grievant or the Association shall present the grievance in writing on the Grievance Form, Exhibit Article IV. If the grievance involves the act of an administrator at the building level, the grievance shall be filed at Step 1.

4.5.2 Grievance At Other Than Building Level

If the grievance involves the act of an administrator other than at the building level, the grievance shall initially be filed at Step 2 of the grievance procedure after the grievant has first advised the administrator involved.

4.6 Step 1 – Immediate Supervisor Level

If the grievance cannot be resolved informally, the grievant or the Association shall present the grievance in writing on the Grievance Form to his/her immediate supervisor no later than twenty (20) days after the occurrence of the alleged claim or complaint. The supervisor will arrange for a meeting to take place within five (5) days after receipt of the grievance. The grievant, the immediate supervisor and any such representative(s) as provided for in Section 4.2 of this Agreement shall be present for the meeting. The supervisor will then, within five (5) days after the meeting, provide the grievant, the Association and the superintendent with a written memorandum setting forth the disposition of the grievance. Such memorandum shall contain reasons upon which the disposition of the matter was based.

4.7 Step 2 – Superintendent Level

If the grievant is not satisfied with the disposition of the grievance at Step 1, or if Step 1 time limits expire without the issuance of the supervisor's memorandum, the grievant may, within ten (10) days thereafter, refer the grievance to the superintendent. The superintendent shall, within ten (10) days conduct a meeting with the same parties being present as may be present in Step 1. Each party to the grievance shall have the right to include in its presentation a counselor if so desired. Upon the conclusion of the hearing of the grievance, the superintendent shall have ten (10) days in which to provide his/her written decision to the grievant and the Association.

4.8 Step 3 – Board Level

If the grievant is not satisfied with the disposition of the grievance at Step 2, or if Step 2 time limits expire without the issuance of the superintendent's decision, the grievant may, within ten (10) days thereafter, refer the grievance to the Board. Upon receipt of the request the Board shall, within thirty (30) calendar days, schedule a closed session hearing on the grievance, and shall within ten (10) days thereafter render its decision in writing. Each party to the grievance shall have the right to include in its presentation a counselor if so desired.

4.9 Step 4 - Arbitration

4.9.1. Binding Arbitration

If the grievance is not resolved satisfactorily at Step 3, there shall be available an additional step of impartial, binding arbitration. The Association may submit to the American Arbitration Association, in writing, a request for arbitration with a copy to the superintendent within fifteen (15) days of receipt of the Step 3 answer. The arbitrator shall be selected from the American Arbitration Association in accordance with the Voluntary Labor Arbitration Rules.

4.9.2 Conditions Of Arbitration

Neither party to the grievance will be permitted to assert grounds not previously introduced in the grievance process. Each party shall be entitled to representation and witnesses. The arbitrator shall have no power to alter the terms of this Agreement.

4.9.3 Cost Of Arbitration

Cost of the arbitrator shall be borne equally between the Association and the School District. Should either party request a transcript of the proceedings, that party will bear the cost of the transcript. Any additional costs shall be borne by either party incurring the cost.

4.9.4 Arbitrator Decision

The arbitrator's decision shall be final and binding upon the parties. His/her decision must be based solely and only upon his or her interpretation of the meaning of application of the express relevant language of this Agreement.

4.10 Release Time

Should the investigation of any grievance require, in the judgment of the superintendent, that an employee be released from his/her regular assignment, he/she will be released without loss of pay or benefits.

4.11 No Reprisals

The Board agrees not to take any reprisal against any person for his/her participation or refusal to participate in the grievance process. The Association agrees to take no reprisals against any person because of his/her participation or refusal to participate in the grievance process.

4.12 Forum For Action

4.12.1 Action In A Single Forum

Should any member of the bargaining unit commence an action against the Board and/or any of its members individually or collectively, before any State or Federal Administrative Agency, Court or Tribunal, charging the Board or any of its members with a violation of any of the rights granted to or enumerated in this Agreement, said action shall act as a bar to the commencement or further processing of the grievance.

4.13 Withdrawal Of Grievance

A grievance may be withdrawn at any step without establishing precedent.

Prior to being paid, the teacher will verify to the Superintendent or designee successful completion of each assigned extra duty.

A leave granted for a period of one (1) school year or less shall bar a further sabbatical leave until completion of six (6) years of additional satisfactory service.

6.9.2 The leave shall be conditioned upon a plan for resident study, research, travel or other purposes to benefit the School District, which plan must be approved by the Board and not thereafter modified without the approval of the Board.

6.9.3 Such leave may be granted for a period of at least four (4) school months but not in excess of the school term. Unless justified by illness or incapacity, failure of any teacher granted a leave pursuant to and in accordance with these provisions to devote the entire period to the purposes for which the leave was granted shall constitute a cause for removal from teaching service.
- 6.9.7 Upon expiration of a leave granted pursuant to and in accordance with these provisions and upon presentation of evidence satisfactory to the Board showing compliance with the condition of the leave, the teacher shall be returned to a position equivalent to that formerly occupied. The tenure of the person on sabbatical leave shall not be affected.

ARTICLE VIII

VACANCIES AND TRANSFERS

8.1 Notice Of Vacancies

The superintendent or designee will send notice of all vacancies to the president of the Association and will post notice of all vacancies in all school buildings for at least 10 calendar days after said notification. Such notice shall be accompanied by a statement of minimum qualifications. No vacancy will be filled, except on a temporary basis, until such vacancy shall have been posted and notice sent to the president of the Association. Notice to the president of the Association may be accomplished by delivery of the minutes of the Board if said vacancy is described herein. The Board shall decide when a vacancy exists.

8.2 Application For Transfer

A teacher presently on tenure shall have the right to apply for any transfer for which he/she is qualified. Annually, during the month of February, principals shall share with teachers at a faculty meeting anticipated employment opportunities within the district which might accommodate teacher interests in a change of assignment or transfer. Such application shall be in writing to the superintendent. Any employee application received prior to application(s) of non-employees shall receive first consideration for an interview.

8.3 Change In Assignment

Teachers will be advised prior to the end of the school term of any change in their assignment for the forthcoming year if the reasons prompting such change were known prior to the close of the school term. Change in assignment after this date will be made known to the teacher as promptly as possible.

8.4 Involuntary Transfer

Involuntary assignments resulting in substantially different teaching situations from those designated by the end of the school year shall provide said teacher with the right of resignation. Any teacher transferred involuntarily shall receive consideration for an interview in any requested transfer for future vacancies. Involuntary transfers shall not be made unless they are in the best interest of the students and shall be submitted in writing to the teacher involved.

8.5 Extra Duty Positions

Vacancies in extra duty positions will be posted on the Staff Resources page on the District website and emailed to the staff a minimum of seven (7) calendar days prior to the filling of the vacancy. Vacancies in extra duty hourly positions will be filled as necessary by the appropriate event supervisor.

ARTICLE IX

RETIREMENT

9.1 Eligibility

9.1.1 A service recognition stipend will be available to full-time teachers who meet each of the following eligibility requirements:

- A. As of the date of retirement, completed at least ten (10) years of full-time teaching service in District 25; and
- B. As of the date of retirement will have attained the age of 60 or have 35 years of TRS creditable service; and
- C. Eligible for and have been approved to participate in a retirement plan offered by the Teachers' Retirement System of Illinois provided, however, that this retirement benefit is not available to any teacher whose retirement requires the Board to pay to TRS a contribution or "penalty"; and
- D. Retires effective on any June 30 but no later than June 30, 2030.

9.2 Process

9.2.1 Eligible employees wishing to receive the benefits set forth in this Article IX must submit an irrevocable written notice of intent to retire to the superintendent or designee during the month of February of any year of this Agreement. A teacher's notification of intent to retire may only be rescinded (and then, only if a replacement

teacher has not been hired or the Board has not acted to reduce the number of teachers employed) for one or more of the following reasons:

- A. Death of the retiree's immediate family; or
- B. Loss of a bona fide employment offer which was to be effective during retirement; or
- C. Disability of the teacher, spouse or the teacher's "dependent," as defined by the Internal Revenue Service; or
- D. Other reasons of compelling emergency as determined solely by the Board, and not reviewable, said reason to be non-precedential with respect to granting or denying required changes in retirement election.

In the event the Board permits a revocation, any benefits paid to the teacher under this provision in anticipation of retirement must be repaid. Such repayment will be made pursuant to an agreement between the teacher and the Board or designee. In the event no such agreement is reached, the repayment must occur within two (2) years of the approval of the revocation by the Board. In the event the Board permits a revocation, the revoking teacher will be replaced on the salary schedule at the appropriate step and lane, as if the teacher had never submitted a notice of intent to retire.

- 9.2.2 The Board shall allow a minimum number of early retirees equal to 30 percent of those who are eligible and who apply, rounded to the nearest whole number, by seniority. In any given school year the Board, in its sole and non-reviewable discretion, may permit additional retirees (in excess of the minimum number specified above), provided; however, that such permission shall not be deemed to create a past practice, pattern or precedent.
- 9.2.3 In the event a full-time teacher who meets the eligibility requirements set forth in Article 9.1.1 who has submitted his/her irrevocable notice of intent to retire to the Superintendent, may amend the original notice and retire at the end of an earlier school year than was set forth in the original notice. The full time teacher must submit his/her amended notice of intent to retire no later than January 31 of the year in which the teacher intends to retire earlier than set forth in the teacher's original notice.

In such event, the teacher will not receive a service recognition stipend of \$1,000 for any full year of teaching service not completed. If the teacher has already exhausted his/her retirement stipend amount prior to his/her retirement, the teacher shall be required to repay the district the unearned portion of the retirement stipend as a result of each year the teacher retires early. All other terms and conditions regarding the service stipend set forth in section 9.3.1 will remain in effect. In no event will a teacher be eligible to receive a retroactive 6% creditable earnings increase for the school year in which the amended notice was provided or any school year prior to the submission of the notice.

Example Scenario:

Original Notice Submitted	Intended Year of Retirement	Amended Notice Submitted	New Year of Retirement
2/15/2024	End of 2027-2028	1/30/2027	End of 2026-2027
Original Projected Stipend Amount	New Available Stipend Amount	If stipend has already been exhausted prior to the new retirement date, employee must repay the \$1,000 to the District. If stipend has not been exhausted, balance will be reduced by one year of service (\$1,000). Employee cannot receive a retroactive 6% increase for any year prior to the year in which the original notice was submitted.	
\$20,000	\$19,000		

9.3 Benefits

9.3.1 Service Stipend

As a benefit of voluntary retirement for teachers who qualify as provided above, the Board will pay the teacher a service recognition stipend of \$1,000 for each full year of teaching service in District 25. In the event the compensation to which a teacher would otherwise be entitled under the provisions of this Agreement in each of the years prior to retirement hereunder is less than six percent (6%), the Board will deduct sufficient dollars from this service recognition stipend to increase the teacher's TRS creditable earnings by six percent (6%) over the teacher's prior year's reported TRS creditable earnings for each remaining year of the teacher's employment in the District. This increase would occur beginning in the school year in which the teacher gives notice of retirement as noted above. A retiring teacher may receive no more than four (4) years of six percent (6%) creditable earnings increases under this program. A retiring teacher may instead choose to receive this benefit as a lump-sum post-retirement payment in the January immediately following retirement.

In the event the amount of the service recognition stipend exceeds the amount necessary to increase a teacher's TRS creditable earnings by six percent (6%) for each remaining year of a teacher's employment in the District, the remainder of the service recognition stipend will be paid to the teacher post retirement in the January immediately following retirement.

A teacher for whom an extra-duty stipend or payment was part of the teacher's creditable earnings in the school year prior to the school year in which retirement notice is given, and who gives up the duty in any year prior to retirement, will have the stipend or payment for such duty subtracted from creditable earnings before the relevant six percent (6%) increase is applied. Under no circumstance may a participating teacher receive a creditable earnings increase exceeding six percent (6%) over the prior year's creditable earnings.

9.3.2 Insurance After Retirement

The Board will reimburse the retired teacher for post-retirement health insurance premiums paid by the retiree to a maximum of \$500 per year until the retiree reaches age 65 or becomes eligible for Medicare, whichever shall first occur.

9.3.3 Repayment

In the event the proposed retirement does not occur as anticipated, each teacher irrevocably assigns to the Board the right to recoup any payments made on his/her behalf from future payments made to or on behalf of such teacher.

9.4 Savings Clauses

9.4.1 Retirements under this Article IX are subject to revision if legislation were to be enacted that increases the current known cost of the Board. In the event legislation does not cause the Board to incur a cost greater than the expected cost at the time of execution of this Agreement, then the retirement incentive shall be adjusted to achieve revenue neutrality for the Board. Such adjustments shall be agreed to by the BEA and the Board on a case-by-case basis.

ARTICLE X

REDUCTION IN FORCE

10.1 Process

10.1.1 Reduction In Force procedures are to be implemented according to the provisions of the applicable Illinois law.

10.2.2 Lottery

If the total teaching service as computed in the manner described in 10.2.1 above is equal between two or more teachers, the order of seniority shall be determined by lottery in the presence of Association leadership.

10.2.3 Seniority List

The employer shall publish annually a seniority list. Each teacher shall have ten (10) employment days thereafter to file written objection to his/her status and shall detail the alleged specific error in the listing. Failure to make such timely objections will be deemed an acceptance of the status and the teacher cannot thereafter challenge his/her seniority for the school term.

ARTICLE XI

11.1 Beginning

Negotiations shall begin no later than March 1 in the year this contract terminates, unless both parties agree to an alternate date.

11.2 Ground Rules

EXHIBIT ARTICLE I
ANNUAL SALARY COMPENSATION
2023-2028

The teachers' annual salary increase is derived from three components:
Base Salary Increase, Performance Increase, and/or Educational Advancement Increase

I.) Base Salary Increase

- A. Determines the amount by which the district's base salary will increase
- B. All teachers receive this increase; it is added to each teacher's previous year's salary
- C. In 2023-2024 and 2024-2025 the base salary increase will be a static increase (not derived from the formula) of 3.75%
- D. In 2025-2026, 2026-2027 and 2027-2028 the yearly amount will be determined by the weighted average of the Consumer Price Index For All Urban Consumers Chicago (CPI) used for PTELL (tax cap) as follows:
Fall (start of school – December) distribution will be weighted by four (4) months
Spring (January – end of school) distribution will be weighted by five (5) months
- E. The weighted average formula will be based upon the relevant December CPIs published annually in January of the year prior to and during the relevant work year of this Agreement
- F. EXAMPLE:

$$\frac{\text{Formula: } 4 \times \text{CPI (published Jan. 2024)} + 5 \times \text{CPI (published Jan. 2025)}}{9}$$

If January 2024 CPI was 4% and January 2025 CPI was 3.0%, the calculation for the 2025-2026 increase would be as follows:

$$\frac{(4 \times 4.0) + (5 \times 3.0)}{9} = 3.45\%$$

2025-2026 weighted average = 3.45% this would equate to a 3.0% base salary increase. (See chart on next page)

Chart: Base Salary Calculation

Weighted Average CPI	Base Salary Increase	Performance Increase	TOTAL Increase
Less than 0.9%	1.65% (delayed until January 1 of the relevant school year)	1.5% (delayed until January 1 of the relevant school year)	3.15%
0.9% - 1.59%	1.8%	1.5%	3.3%
1.6% - 2.09%	2.1%	1.5%	3.6%
2.1% - 2.59%	2.4%	1.5%	3.9%
2.6% - 3.09%	2.7%	1.5%	4.2%
3.1% - 3.59%	3.0%	1.5%	4.5%
3.6% - 4.09%	3.3%	1.5%	4.8%
4.1% - 4.59%	3.6%	1.5%	5.1%
4.6% or more	3.9%	1.5%	5.4%

- G. In the event the weighted average CPI is less than 0.9%, teachers will not receive the Base Salary Increase until January 1 of the relevant school year; this raise will not be retroactive to the beginning of the school year and will be paid at the relevant amount starting January 1 until the end of that contract year.

II.) Performance Increase

- A. Equal to a fixed 1.5% per year (if individual is eligible) for the duration of this contract
- B. Based on individual eligibility; increase is added to each eligible teacher's previous year's salary
- C. Eligibility:
 - a. teachers must have an "Overall Performance Rating" of "Proficient" or "Excellent" on the most current evaluation cycle to receive the Performance Increase
 - b. teachers with an "Overall Performance Rating" of "Needs Improvement" on the most current evaluation cycle would receive the relevant Base Salary Increase but not the Performance Increase
- D. In the event the weighted average CPI is less than 0.9%, teachers will not receive the Performance Increase until January 1 of the relevant school year; this raise will not be retroactive to the beginning of the school year and will be paid at the relevant amount starting January 1 until the end of that contract year.

- E. Part-time teachers employed at the 0.49 level or less will receive one (1) Performance Increase for every eligible two (2) years of service at the 0.49 level or less

III.) Educational Advancement Increase

- A. The Board encourages academic attainment for its teaching staff; in furtherance of this recognition, teachers will receive salary increases resulting from successful completion of approved, recognized professional development completed beyond the regular workday or work year
- B. The guidelines are as follows:
1. Salary credit for Education Advancement will be conferred upon successful completion of the course, or courses, with a minimum grade of "B" received and subsequent submission of transcript to the District
 2. For purposes of this provision, such academic attainment will be recognized for the following Educational Advancement categories: BA+15, MA, MA+15, MA+30, MA+45

Chart: Educational Advancement Increase

Educational Advancement	Increase
From BA to BA+15	3.7%
From BA+15 to MA	7.4%
From MA to MA+15	3.7%
From MA+15 to MA+30	3.7%
From MA+30 to MA+45	3.7%

3. Educational Advancement Increase is added to the new yearly salary after all other relevant eligible increases (Base Salary Increase and Performance Increase) have been applied to the teacher's previous year's salary
4. Educational Advancement Increase(s) occurs regardless of the value of the relevant weighted average CPI
5. Changes in salary resulting from this provision may occur twice each year, on September 1 and March 1
6. A teacher may not advance more than two (2) of the Education Advancement categories in any one (1) school year
7. Hours credited must be earned subsequent to the last highest earned degree unless those hours are conferred along with that degree
8. Any credit hours earned prior to receiving a Master Degree do not apply to future Educational Advancement
9. Quarter hours shall be converted to semester hours as follows: one-quarter hour equals two-thirds semester hour

C. Approval process:

1. Prior to commencing work for Educational Advancement, the teacher must provide the Superintendent, or designee, a completed Educational Advancement Coursework Approval form with a written rationale which includes the following:
 - a. the course, or courses, to be taken
 - b. anticipated impact on the teacher's effectiveness
 - c. anticipated benefit to students and/or the District
 - d. plan to share the acquired professional learning with colleagues
2. Educational Advancement Coursework Approval form is available in each school's office
3. The submitted Educational Advancement Coursework Approval form must receive the written approval of the Superintendent, or designee
4. After the end of one full grading period following completion of the course, or courses, the teacher will submit a reflection document addressing the specific ways in which the professional learning impacted teacher effectiveness and benefited students and/or the District; failure to complete the reflection process will prevent future approval of coursework for Educational Advancement

D. Course(s):

1. Must be related to the teacher's assignment or current existing positions in the district
2. Must be graduate level unless the Superintendent, or designee, requests or approves an undergraduate level course
3. Must be offered by an accredited institution of higher learning or a recognized branch of such institution; the institution must be degree conferring

E. Tuition reimbursement:

1. Each regularly employed teacher is eligible to apply for tuition reimbursement for courses that have the preapproval of the superintendent
2. Rate and funds:
 - a. The rate of reimbursement is \$80 per semester hour
 - b. The Board shall provide a pool of money for tuition reimbursement equal to 35% of the base salary for the current school year; the school year is defined as the first day of teaching for that year through the last calendar day prior to the first day of teaching of the following year
 - c. Once the pool is expended, tuition reimbursements will be terminated for the remainder of the year
3. Guidelines:
 - a. Prior approval by the Superintendent, or designee, of all coursework
 - b. Reimbursement shall not exceed the actual expense
 - c. Approval per teacher will be limited to three (3) semester hours per semester and six (6) semester hours per summer for a maximum of twelve (12) semester hours per year

- d. Preference will be given to courses which are a part of an approved Master's Degree Program and to teachers who have not previously applied during the year for reimbursement
- 4. Disbursement:
 - a. Reimbursements will be made in the months of October, February and June
 - b. To receive reimbursement for an approved course, the teacher must be currently employed by the District and submit to the Superintendent, or designee, a copy of the tuition payment and grade report for that course; submissions must be received by the seventh (7th) day of the month in which reimbursement is to be disbursed

IV.) Compensation After Unsatisfactory Rating

- A. Compensation for a tenured teacher will be impacted during the time of an Unsatisfactory Overall Performance Rating
- B. Teachers with an Unsatisfactory Overall Performance Rating will experience no increase in compensation during the required remediation period
- C. Upon successful completion of the required remediation plan, the teacher will prospectively receive the negotiated compensation increases

V.) Initial Compensation Placement or Advancement

- A. Upon initial employment by the District, a teacher may generally receive up to six (6) years of credit for verified prior teaching experience; however, the Superintendent at his/her discretion may waive this guideline if it is necessary to employ an individual in an area requiring specialized skills (e.g. special education or technology) and/or job-related experience
- B. Initial salary will be based upon the new teacher receiving the same salary as a similarly situated teacher, i.e. same years of experience and educational attainment; in the event no such similarly situated teacher exists, the District will maintain a salary grid to be used for the sole purpose of determining the salary of a newly employed teacher; this salary grid will be increased annually by the amount resulting from negotiations with the Association
- C. After initial salary determination has been made, the teacher's salary will be increased annually by the amount resulting from negotiations with the Association
- D. Fractions of years' service will be added together in order to obtain a full-time equivalent for purposes of initial compensation placement only
- E. Records of certified staffs are updated to show educational attainment on a full-time equivalent basis for service prior to and in District 25

VI.) Publication of Salaries

By June 1 of each school year the District will provide to the BEA chief negotiator:

- 1. A list of known teachers including their next year's salary and, for each, all applicable salary increases
- 2. The updated six (6) step salary grid used for the sole purpose of determining the salary of a newly employed teacher

VII.) Contingency Agreement

- A. In recognition of the uncertainty of Board revenue during the life of this Agreement, the Association and the Board agree as follows:
 - 1. Effective July 1, 2025, (due to the static nature of the first two years of salary increase), in the event of one or more of the following events occur during the life of this Agreement, the Board and Association agree that the parties will meet to re-open the negotiations for salary, only, for any school year covered by this Agreement and impacted by the noted event:
 - a. There is legislation which freezes or lowers property tax revenue to which the District would otherwise be entitled; and/or
 - b. The Board is required to pay additional revenue to support teacher pensions to the Teacher Retirement System; and/or
 - c. There is a 10% reduction in money allocated by the State of Illinois Evidence Based Spending Model, or successor funding model
- B. In the event this re-opener is invoked, salary negotiations will begin within 30 calendar days of the decision to re-open; such negotiations will be limited to teacher salaries, unless otherwise agreed by the parties; any agreement(s) resulting from such negotiations will be subject to ratification by the Board and the Association

In the event reopener negotiations do not result in an agreement, the original negotiated Agreement will expire the day prior to the start of the subsequent school year and the parties will meet to negotiate a new Agreement, subject to the rights and obligation.

MOA Regarding Calculations for Initial Salary Placement, Educational Advancement, Base Salary and Performance Increases

MEMORANDUM OF UNDERSTANDING

Initial Placement Grid Calculations For Newly Hired Teachers, Annual Increase Calculations And Educational Advancement Calculations For Existing Teachers

The Board of Education and the Benjamin Education Association (BEA) reached agreement for a successor collective bargaining agreement covering the period 2023-2028. As part of that agreement, the Board and BEA agreed to create an annual salary grid to assist in the initial placement of new hires to determine their starting salary, based upon up to five (5) years of prior teaching experience.

The Board and the BEA agree that the following methodology will be used during the life of the 2023-28 agreement to create the new hire initial placement grid:

- A. Yearly calculation of New Teacher Initial Placement Matrix
 1. The BA with 0 years of Experience cell is determined first by applying the Base Increase for the then- current year to the previous year's BA with 0 years of Experience amount.
 2. For the 2023-2024 and 2024-2025 school years, the first cell in each Educational Advancement category (BA+15; MA; MA+15; MA+30; MA+45) is calculated as follows:
 - BA+15 with 0 years of Experience is determined by applying a 3.7% increase to the newly calculated BA with 0 Experience cell
 - MA with 0 years of Experience is determined by applying a 7.4% increase to the newly calculated BA+15 with 0 Experience cell
 - MA+15 with 0 years of Experience is determined by applying a 3.7% increase to the newly calculated MA with 0 Experience cell
 - MA+30 with 0 years of Experience is determined by applying a 3.7% increase to the newly calculated MA+15 with 0 Experience cell
 - MA+45 with 0 years of Experience is determined by applying a 3.7% increase to the newly calculated MA+30 with 0 Experience cell

3. The remaining cells in the matrix (1 to 5 years of Experience) are calculated separately in each Educational Advancement lane in the following order:
 - The 1 year of Experience row is determined by applying the static Performance Increase (1.5%) to the newly calculated 0 years of Experience amount.
 - The 2 years of Experience row is determined by applying the static Performance Increase (1.5%) to the newly calculated 1 year of Experience amount.
 - The 3 years of Experience row is determined by applying the static Performance Increase (1.5%) to the newly calculated 2 years of Experience amount.
 - The 4 years of Experience row is determined by applying the static Performance Increase (1.5%) to the newly calculated 3 years of Experience amount.
 - The 5 years of Experience row is determined by applying the static Performance Increase (1.5%) to the newly calculated 4 years of Experience amount.
4. In all cells, the calculated salary will be rounded to the nearest whole number prior to being used to calculate the next cell as outlined above.
5. The New Teacher Initial Salary Placement Matrices for the 2023-24 and 2024-25 school years are attached to this Memorandum as Exhibit A.
6. The initial placement grids for the remaining years of the agreement will be calculated once the relevant weighted average of the Consumer Price Index number is known for the relevant year of the agreement.
7. Any formulas used in the spreadsheet are replaced with set numbers to prevent rounding issues in subsequent years.
8. In order to confirm accuracy, prior to approval, each annual New Teacher Initial Placement Matrix will be shared with and reviewed by the BEA leadership.
9. When both sides confirm its accuracy, the New Teacher Initial Placement Matrix is made available to district employees.

The Board and the BEA agree that the following methodology will be used during the life of the 2023-28 agreement to determine existing teacher salary placements where discrepancies exist between the existing teacher's salary placement and the new teacher hire initial salary placement grid:

- B. Placement of Teachers whose salaries do not match newly created New Teacher Initial Placement Matrix
1. In the 2023-2024 school year, current Teachers with 0 to 5 years of experience, whose salaries do not match the newly created New Teacher Initial Placement matrix, will receive a salary equivalent to the next highest salary in their respective Educational Advancement lane.
 2. For the remaining years of the agreement, the Superintendent and BEA President will meet to determine how to handle this situation, subject to the same approval process noted above.

The Board and the BEA agree that the following methodology will be used during the life of the 2023-28 agreement to calculate increases to the annual base salary, annual performance bonus and any educational advancement increases:

- C. Yearly application of salary increases for current staff
1. Each year a then-current teacher's new salary is determined by applying contractual increases separately in the following order:
 - Base Salary Increase is added to the previous year's salary.
 - Performance Increase is determined based on and added to the above amount.
 - Educational Advancement Increase is determined based on and added to the above amount.
