- 6.8 Teachers who have been reduced in force will continue to acquire seniority for a period of one (1) calendar year, but it is not considered a year of service on the salary schedule. A RIF does not constitute a break in service.
- 6.9 The administration will establish a sequence of honorable dismissal list categorized by positions and the groupings defined in Section 24-12 of the School Code. A copy of the list will be provided to the Association President at least 75 days before the end of the school term.
- 6.10 The administration will also establish and post a seniority list showing the length of continuing service of each teacher who is qualified to hold any positions in the District. It is the responsibility of each licensed (certified) employee to inform the administration of any changes in his or her qualifications.

Non-certified Employees

- 6.12 The administration shall each year establish a list, categorized by position, showing the length of continuing service of each full-time educational support personnel employee who is qualified to hold any such positions. Copies of the list shall be distributed to the Association on or before February 1 of each year.

20-24 year Continuous District Service (per year)	\$55.00

Schedule for Retirement Incentive for Certified Staff

An employee who tenders a written notice of intent to retire to the Board in order for the employee to retire on a date certain in the future under a Teachers Retirement System (TRS) program shall be eligible for a retirement incentive in up to each of his or her final two (2) years of service, subject however, to compliance with the following conditions:

- 1) The employee shall have no less than ten (10) years of continuous full-time service exclusively to Bluford Community Consolidated School District No. 114, Webber Township High School District No. 204, and/or Bluford Unit School District No. 318 on the employee’s date of retirement to the TRS retirement program; and
- 2) The employee shall be no less than sixty (60) years of age on or before December 31 of the year of retirement or shall be at least fifty-five (55) years of age and shall have no less than thirty-five (35) years of service to TRS on the date of the employee’s retirement or have such TRS service credit and be such age as to retire without the District incurring any additional payment to TRS other than the employer’s normal TRS payment. In the event that there is any question to the correct interpretation of the conditions contained herein, this provision shall be read to disqualify the teacher from receipt of any incentive hereunder if the employer shall be required to pay to TRS any additional payment; and
- 3) The employee shall have tendered to the Board a written notice of intent to retire for a date certain in the future, not more than two (2) school terms (school terms

generally run from mid-August to late May or early June) from the date the letter of resignation is received by the Board. The notice must be given on or before September 1st of the year which is intended to count as the first year of receipt of retirement incentive provided for herein below; and

- 4) The retirement incentive period (for which a four percent (4%) increase is paid pursuant to all the conditions contained herein) shall not be less than one (1) year, nor more than two (2) years in length, depending upon the date the letter of notice of intent to retire is received by the Board and the specified date of retirement.

“TRS creditable earnings,” wherever that phrase is used in the entirety of this provision (Retirement Incentive), shall mean total TRS creditable earnings as defined by TRS and includes any extra stipends, step, longevity, lane movement and specifically includes pension payment.

To receive the full value of the incentive provided for herein the employee shall fully perform all his or her duties during the incentive period. Any reduction in performance (amount) of duties to the District by the employee during the incentive period (docked days or leaves of absence without pay, for example) shall result in a corresponding reduction in salary and benefit amount to the employee (the employee shall receive less than the four percent (4%) incentive contemplated herein.)

In exchange for the employee’s written, notice to retire on a date certain (as defined hereinabove), the District shall remove the employee from the salary schedule (or other payment schedule that may be applicable) and for each year of eligibility, the employee’s TRS creditable earnings shall be increased by four percent (4%) over the employee’s TRS creditable earnings for the prior year of employment beginning with the first year of the incentive period.

If an employee has any additional paid services (extended contract or duties paid in addition to salary schedule rate) at the commencement of the retirement incentive period and such employee ceases to perform those services during the retirement incentive period the calculation of the employee’s salary which is subject to the four percent (4%) increase provided for herein shall be reduced by the value of the services not performed.

Once a letter of intent to retirement is submitted and the retirement incentive period begins, the employee will not be assigned, nor may the employee apply for nor assume any additional duty, perform any additional service, receive any additional assignment nor do any additional work (hours, day, weeks or months) of any kind for employer beyond what the employee had been doing when the retirement incentive period began.

If an employee fails to complete the retirement incentive period or leaves the District prior to the designated retirement date, causing the District to have to pay monies not contemplated herein to TRS, the District shall be entitled to recover from the employee all retirement incentive payments made to the employee (the employee’s creditable earnings after receipt of the retirement incentive provided for herein minus the employee’s creditable earnings if no incentive had been paid)

including tax and retirement withholdings, plus attorney's fees related to any legal action brought to enforce this provision.

One-Time Retirement Incentive for Certified Staff

Teachers who are eligible to retire on or before June 30, 2022 under the Schedule for Retirement Incentive for Certified Staff set forth above may instead elect to retire under this provision. A teacher who meets the requirements of 1) and 2) above may submit an irrevocable letter of retirement no later than July 1, 2019, indicating his or her intent to retire at the end of the 2019-2020 school year for a one-year incentive, or the end of the 2020-2021 school year for a two-year incentive, or at the end of the 2021-2022 school year for a three-year incentive.

In exchange for the teacher's written notice to retire on a date certain (as defined hereinabove), the District shall remove the employee from the salary schedule (or other payment schedule that may be applicable) and for each year of eligibility, the employee's TRS creditable earnings shall be increased by four and one-fourth percent (4.25%) over the employee's TRS creditable earnings for the prior year of employment beginning with the first year of the incentive period.

All of the provisions of the Schedule for Retirement Incentive for Certified Staff except for the duration of the incentive (up to 3 years rather than up to 2 years) and the annual percentage increase (4.25% rather than 4.0%) shall apply to a Retirement Incentive under this section.

This One-Time Retirement Incentive for Certified Staff shall remain in effect only for those eligible teachers submitting their retirement notice no later than July 1, 2019.
