Relations Board**

WAGE SETTLEMENT 2024

For Labor Contracts with a start date between January 1, 2024 – December 31, 2024

INTRODUCTION

The State Employment Relations Board (SERB) is pleased to present the 2024 Wage Settlement Report. This report analyzes the overall wage increase percentage and other monetary incentives negotiated in Ohio public-sector labor contracts that went into effect between January 1 and December 31, 2024.

REVISION NOTES

There were minimal changes to the format and layout of this year’s report compared to the prior year.

REPORT BACKGROUND & METHODS

In its 34th year, the Wage Settlement Report aims to inform stakeholders of the latest trends in negotiated wage increases in labor contracts for public sector entities. The goal is to provide statistics for employer and employee organizations and promote orderly and constructive labor relationships between public employers and their employees. This report includes data extracted from negotiated labor contracts from the following public sector jurisdictions:

Government	Schools/Libraries	Colleges/Universities	Special Districts
• State • Counties • Cities • Townships	• School Districts (City, Local, Exempted Village) • Joint Vocational Schools & Career Centers • Educational Service Centers (ESCs) • Commuter/Charter Schools • City & County Libraries	• Community Colleges • State Colleges • State Universities	• Fire & EMS Districts • Metro Housing Authorities • Port Authorities • Regional Transit Authorities • Sanitary, Water, & Sewer Districts

REPORT SUMMARY

This year’s report includes data extracted from 976 negotiated labor contracts with a start date between January 1, 2024 and December 31, 2024.

- There were 858 out of 976 (87.9%) labor contracts with a wage increase percentage during the contract duration. **Table 1** indicates statewide average increase was 3.86% in year one (2024), 3.24% in year two (2025), and 3.19% in year three (2026).
- The statewide average wage increase percentage for the duration of the contracts was 3.42%. This is an average of all wage increase percentages during each contract term, including years one, two, and three, if available. **Table 2** indicates the statewide average wage increase is 0.18% more than what was reported last year.
- There were 94 out of 976 (9.6%) labor contracts with one or more lump sums that took effect during the duration of the contract. **Table 3** indicates the statewide average lump sum was \$1,047 in year one (2024), \$1,042 in year two (2025), and \$913 in year three (2026). A lump sum is a one-time dollar amount that is not added to the base wage scale.
- There were 135 out of 976 (13.8%) labor contracts that included an hourly increase that went into effect during the contracts’ duration. A further breakdown of these stats is not included elsewhere in this report due to the low quantity reported.

AVERAGE NEGOTIATED WAGE INCREASE PERCENTAGE

Table 1 displays the average wage increase percentage negotiated in labor contracts that went into effect in the calendar year 2024. The wage increases were grouped by effective date and filtered by each comparison group below. If a wage reopener, lump sum, or hourly increase is mentioned in the labor contract, those are excluded from this table.

LUMP SUM WAGE INCREASES

Table 3 displays the average lump sum negotiated in labor contracts that went into effect in 2024. A lump sum is a one-time dollar amount that is not added to the wage scale. In many cases, this is a signing bonus.

Note: Equity/Market adjustments are excluded unless it was a one-time payment not added to the base salary. Note: 94 out of 976 (9.6%) total labor contracts with start date in 2024 contained at least one lump sum. Note: 76 out of 94 contracts (80.9%) with a lump sum contained both a lump sum and a percent or monetary increase.												

WAGE REOPENERS

There were 44 out of 976 labor contracts filed containing at least one wage reopener. There were 26 wage reopeners in year two and 42 in year three. A “wage reopener” is a way for parties to “delay” their bargaining over wages in future years of the labor contract.

SERB REGIONS

Each region consists of several nearby counties. The county groupings, initially developed by SERB's Bureau of Mediation to develop fact finder and conciliation panels, are as follows:

- 1 – Akron/Canton:** Ashland, Carroll, Coshocton, Harrison, Holmes, Medina, Portage, Stark, Summit, Tuscarawas, and Wayne.
- 2 – Cincinnati:** Adams, Brown, Butler, Clermont, Clinton, Hamilton, Highland, and Warren.
- 3 – Cleveland:** Ashtabula, Cuyahoga, Erie, Geauga, Huron, Lake, and Lorain.
- 4 – Columbus:** Crawford, Delaware, Fairfield, Fayette, Franklin, Knox, Licking, Madison, Marion, Morrow, Pickaway, Pike, Richland, Ross, Scioto, Union, and Wyandot.
- 5 – Dayton:** Auglaize, Champaign, Clark, Darke, Greene, Logan, Mercer, Miami, Montgomery, Preble, and Shelby.
- 6 – Southeast Ohio:** Athens, Belmont, Gallia, Guernsey, Hocking, Jackson, Lawrence, Meigs, Monroe, Morgan, Muskingum, Noble, Perry, Vinton, and Washington.
- 7 – Toledo:** Allen, Defiance, Fulton, Hancock, Hardin, Henry, Lucas, Ottawa, Paulding, Putnam, Sandusky, Seneca, Van Wert, Williams, and Wood.
- 8 – Warren/Youngstown:** Columbiana, Jefferson, Mahoning, and Trumbull.

JURISDICTION

Employers are grouped according to the political subdivision.

City – This includes municipalities in Ohio with 5,000 or more in population.

County – This includes all county-level employers. Examples include County Commissioners, Job and Family Services, Auditor, Recorder, Treasurer, Sheriff, Corrections, Mental Health, and Board of DD.

Township – This includes townships in Ohio with 5,000 or more in population.

School District – This includes City, Local, and Exempted School Districts, Joint Vocational/Career and Technical Schools, and County Educational Service Centers.

Other – This includes all other jurisdictions. Examples include State of Ohio departments and agencies, libraries, regional transit authorities, port authorities, metro housing authorities, fire districts, park districts, water and sewer districts, and colleges/universities.

UNIT TYPE

Below is a list of bargaining units included in each category.

Police (Safety/Security) – This includes bargaining units containing uniformed police officers, sergeants, lieutenants, captains across all jurisdictions, county sheriff deputies, corrections officers, security guards, and park rangers. It also includes safety dispatchers and E911 dispatchers.

Fire – This includes all fire suppression or fire prevention (firefighter) bargaining units.

Teacher (BOE) – This unit type includes teaching and teaching mixed (teaching and non-teaching) bargaining units in public school districts, educational service centers, and joint vocational schools.

Non-Teaching (BOE) – This unit type includes non-teaching bargaining units in public school districts, educational service centers, and joint vocational schools.

Blue-Collar – This unit type includes bargaining units comprised of individuals who perform skilled or unskilled manual labor. These employees do not typically work in an office environment.

Other – This unit type includes all other bargaining units not listed above. Examples include white-collar workers who work primarily in an office environment, nurses, and healthcare workers.
