RECOGNITION

A. RECOGNITION

The Board of Education of AlWood Community Unit School District #225, Henry, Knox, and Mercer Counties, Illinois (hereinafter referred to as the "Board" or "Employer") hereby recognizes the AlWood Education Association/IEA/NEA (hereinafter referred to as the "Association" or the "A.E.A.") as the sole and exclusive bargaining representative for all full-time and part-time certificated or professional, non-supervisory personnel (hereinafter referred to as "Employee"). Such representation shall cover all employees assigned to newly created positions unless the parties agree in advance that such positions are principally supervisory and administrative. Such representation shall exclude the superintendent and principals.

B. PART-TIME TEACHER'S BENEFITS

Part-time employees are defined as those who are employed less than 100% of the school year either in terms of total days or hours per day for a full year. Part-time teachers shall receive benefits of insurance, sick leave, personal leave, and professional leave as follows:

1. All benefits for teachers assigned less than a full teaching load for the entire school year shall be pro-rated according to the percentage of a full teaching load assigned.
2. All benefits, except insurance, for teachers carrying a full teaching load, but employed by the Board for less than the full school year, shall be pro-rated according to the percentage of the school year employed. Insurance premiums for teacher coverage shall be paid in full by the Board for the months employed. A part-time teacher for whom the Board pays no premiums shall be eligible to participate in the insurance program at his or her own expense provided the teacher meets the qualifications of the insurance carrier.

C. INDIVIDUAL CONTRACTS

All contracts with the certificated personnel employed by AlWood Schools, with the exception of substitutes, shall be in writing and signed by the officers of the Board of Education as provided by law. Any individual contracts given teachers shall not conflict with any express provisions of this Agreement.

D. BINDING OBLIGATION

The provisions of this Agreement shall constitute a binding obligation of the parties for the duration of this agreement or until changed by written mutual consent. Any

previously adopted policy, rule, or regulation of the parties that is in conflict with a provision of this Agreement shall be superseded and replaced by this Agreement.

ARTICLE II

ASSOCIATION RIGHTS

A. MEETINGS

The Association may conduct Association business including formal and informal meetings at any time during the workday that attending members are not directly responsible for student supervision or other school related activities provided that the Association meetings have been scheduled on the district calendar.

B. USE OF FACILITIES AND EQUIPMENT

The Association shall have the right to reasonable use of district facilities and equipment for the purpose of conducting Association business provided such equipment is not being used for school matters and the use is not disruptive to school routine. The Association agrees to pay for consumable materials.

C. ASSOCIATION BUSINESS

The district shall grant an aggregate of five days annually for Association business. Use of such days must be requested of the Superintendent. Such days may be used in whole or half days and may be used by more than one person. The district shall pay for the substitute, but it shall not pay for the expenses of the teacher(s) on Association business.

D. DUES DEDUCTIONS

1. The Board may deduct local, state and national union dues from the wages of union members.
2. Such fees shall be paid to the Association by the Board no later than thirty (30) days following deduction.
3. In the event of any legal action against the Employer brought in a court or administrative agency because of its compliance with this Article, the Association agrees to defend such action, at its own expense and through its own counsel, provided:
 - a. The Employer gives immediate notice of such action in writing to the Association, and permits the Association intervention as a party if it so desires; and,

- b. The Employer gives full and complete cooperation to the Association and its counsel in securing and giving evidence, obtaining witnesses and making relevant information available at both trial and all appellate levels.
- 4. The Association agrees that in any action so defended, it will indemnify and hold harmless the Employer from any liability for damages and costs imposed by a final judgment of a court or administrative agency as a direct consequence of the Employer's non-negligent compliance with this Article.

It is expressly understood that this save harmless provision will not apply to any claim, demand, suit or other form of liability which may arise as a result of any type of willful misconduct by the Board or the Board's imperfect execution of the obligations imposed upon it by this Article.

ARTICLE III

TEACHER WORKING CONDITIONS

A. ADMINISTRATIVE AND BOARD SUPPORT

The Board and Administration support the individual teacher as having the initial responsibility for the discipline, evaluation, and education of his/her students. The Board and Administration will provide a supportive structure for the individual teacher.

B. SCHOOL CALENDAR

The school calendar shall consist of not more than 185 days of which not more than 180 shall be student attendance and institute days. The remaining 5 days may be used as emergency days as determined by the employer. Teachers shall not be required to report to work more than 180 days.

C. WORKDAY

The length of the normal workday for all teachers shall be seven hours and thirty minutes. Teachers are expected to spend sixty (60) minutes contiguous to regular school hours. In regard to the above state sixty (60) minutes, each teacher will be at school fifteen (15) minutes before and fifteen (15) minutes after. The remaining thirty (30) minutes may be served before school, after school, or split. These minutes are to be used for duties including, but not limited to, the following: professional learning communities, faculty meetings (once a month), meeting with parents/students, record keeping, grading, and planning and collaboration with colleagues. Teachers must notify their building principal or his/her designee in the school office in advance of leaving the school building

during regular school hours, except in emergencies. Fridays and the day before a holiday, teachers may leave after all students have left.

D. LUNCH PERIOD

Each teacher shall be entitled to a duty-free uninterrupted lunch period as required in Section 24-9 of The School Code.

E. PREPARATION TIME

Teaching assignments shall be made such that each teacher shall have unassigned time that may be used for class preparation or student conference. It is recommended that not less than 60 uninterrupted minutes when possible be allowed each teacher per day. Efforts will be made to ensure common preparation time for Middle School core teachers and Elementary School teachers of the same grade level. In grades 6 through 12, a standard teaching load is understood to be six (6) academic blocks and one (1) supervision per day. Supervision may include homeroom, advisory, Internet classes, bus duty, lunchroom duty, etc. In the event the Employer determines an overload situation exists, the Employer shall offer the assignment in order of seniority to teachers who possess the required certification. Teachers will be reimbursed at a rate equal to one-sixth of their salary.

F. BUILDING ACCESS

All teachers shall have 24-hour access to the buildings in which they teach.

G. REQUISITIONS AND MISCELLANEOUS PURCHASES

Each employee shall be given the opportunity to submit requisitions for materials and supplies for the following school term. The employee making the requisitions shall be informed prior to August 15th if these supplies cannot be made available to him/her. The building administration shall inform the employee of the funds allotted to him/her. Any funds allotted to the employee for these requisitions and not spent shall be available to the employee for miscellaneous purchases during the school term. The employee shall be reimbursed for purchases of supplies and materials up to that amount provided that requests for reimbursement are accompanied by sales receipts. The Board may act to halt purchases from these funds in the event of mid-year reductions in state aid.

ARTICLE IV

TEACHING ASSIGNMENTS AND VACANCIES

A. TEACHER CERTIFICATION

Each teacher employed must meet the certification requirements of the State of Illinois through the State Board of Education and this certificate must be registered with the Superintendent of the Regional Office of Education serving Henry County and the certificate number must be submitted to the Superintendent's Office.

B. PERSONNEL FILE

State teaching certificate numbers are kept on file in the District Office and certificates may be registered annually through the Regional Office of Education.

Each teacher's personnel file is maintained in the District Office. Access to this file is granted to the individual concerned and to those who have direct responsibility for the evaluation and supervision of the individual. However, all confidential references (i.e. credentials) in the file will be treated as entrusted communication and will be withdrawn prior to examination by the teacher.

Each teacher is responsible for keeping his/her file data (transcripts, records of credit, and personal information) current.

No criticism of the teacher in his or her professional capacity shall be or made part of the teacher's file unless the teacher is made aware of the criticism and has been afforded an opportunity to rebut such criticism.

C. TEACHER PLACEMENT

Teachers are assigned to a particular school building by the Superintendent. Occasionally, teachers may be assigned to classes in more than one building. Teachers who must use their private automobiles to handle these assignments will be paid travel allowance at the end of each semester, based on the current published Board of Education rate. (see Appendix 5)

D. TRANSFERS

Teachers are subject to transfer from position to position at the discretion of the Superintendent and the Board of Education. When transfers are to be made, a conference including the employees concerned with the Superintendent and Building Principal will be held. All reasons for transfer will be discussed. No involuntary transfer will be made without consulting with the teacher involved. Personnel presently on the staff may apply when vacancies occur. Applications must be in writing and delivered to the Superintendent. If an employee application is rejected, the employee may request a

meeting with administrators to discuss the reasons for the rejection. Any teacher affected by an involuntary transfer will be notified immediately and shall be released from his/her contract if he/she so requests. Vacancy notices will be published in all schools as they occur.

E. CLASS ASSIGNMENTS

Class assignments shall be made by the Principal in consultation with the Superintendent.

F. CLASS SIZE

The Board and A.E.A. recognize that class size is an important aspect of an effective educational program. Therefore, they agree to the following class size parameters:

1. Class sizes shall not exceed the maximum listed below unless a classified aide is hired. See column one of the chart.
2. In such situations when students are added to classes, the teacher will be compensated \$12 per day per student beginning with the first day the student enters their class. Compensation will continue until a classified aide is hired or shall continue for the remainder of the year.
3. A classified aide will be hired upon the addition of a second student, regardless of the date. See the third column of the chart below. Teacher compensation may continue in lieu of a classified aide with the mutual agreement of the administration and the teacher.
4. When there are multiple sections of a grade level or course offering, the administration will attempt to have the number of participants in each section not differentiate more than 20% from each other.
5. Music classes are exempt from class size parameters.

	Maximum teacher only class	Maximum teacher with compensation	Teacher with classified aide
K-1	21	22	23
2 nd -5 th	25	26	27
6 th -12 th	29		30
Physical Education	39		40

G. SPECIAL EDUCATION TEACHER'S STIPEND

Special education teachers shall be provided with two extra professional days for the purpose of preparing and conducting annual reviews. Any additional days need to be approved by the principal of their building.

H. QUALIFICATIONS

The Board shall fill all available positions with legally qualified personnel. Personnel who are not fully qualified for their assigned position shall be informed, in writing, of the deficiencies and a specific period of attainment of needed qualifications shall be established.

I. EXTRA-CURRICULAR FUNDS

Class or Organization funds shall not be dispersed without mutual approval of the building principal and the current sponsor.

J. SUPERVISION OF EXTRA-CURRICULAR EVENTS

1. A calendar of events shall be provided by the administration.
2. Guidelines for supervision shall be established by the administration.
3. Faculty may volunteer for supervisions on a remittance basis.

K. REDUCTION-IN-FORCE

If the Board of Education determines, because of economic necessity, to decrease the number of teachers employed or to discontinue some particular type of teaching service, the Board will first remove or dismiss all non-tenured teachers before removing or dismissing any tenured teacher who is legally qualified to hold a position currently held by a non-tenured teacher.

If the Board's decision to decrease the number of teachers employed or to discontinue some type of teaching service requires the dismissal of tenured teachers, no tenured teacher will be dismissed if such tenured teacher is legally qualified to hold a position currently held by a tenured teacher who has less seniority. Tenured teachers so dismissed will receive notices of honorable dismissal.

Neither this reduction-in-force policy nor a teacher's tenure status may preclude the Board, in its discretion, from either making teaching assignments or transferring teachers to positions for which they are legally qualified.

If a vacancy occurs within one calendar year from the beginning of the school term following its reduction-in-force, the Board will tender such vacant position to the tenured

teacher with the greatest seniority who is legally qualified to hold such position. Vacant positions include full-time teaching positions and full-year part-time teaching assignments, but do not include substitute positions and positions becoming vacant because of leaves, whether paid or unpaid. A teacher so recalled retains his/her tenure status and all accumulated seniority; however, the period such tenured teacher did not teach shall not be counted toward seniority.

To be eligible for recall, the honorable dismissed tenured teacher must provide the Board of Education, in writing, prior to the last day of the school term of dismissal, with the address where such teacher may be reached. The teacher must also notify the Board of Education, in writing, within fourteen (14) calendar days of mailing or within seven (7) calendar days of receipt of the offer, whichever shall first occur, of the acceptance of any vacant position offered to the teacher during the recall period. Failure to notify the Board of acceptance shall constitute rejection of the offer of employment. If a teacher rejects an offer of a full-time vacant position, the teacher shall be deemed to have waived his/her recall rights and will no longer be eligible for any vacant positions that become available within the recall period.

Seniority shall be defined as follows:

- (a) Years of continuous service as a tenured teacher in the school district; provided, however, that less than full-time tenured service shall be computed on a pro rata basis and approved unpaid leaves of absence of ninety (90) consecutive employment days or more shall not be counted in determining seniority.
- (b) If the years of continuous tenured service are equal between two or more teachers, seniority shall be determined by total years of continuous teaching service with the school district; provided, however, that less than full-time service shall be computed on a pro rata basis and approved unpaid leaves of absence of ninety (90) consecutive employment days or more shall not be counted in determining seniority.
- (c) If total continuous teaching service with the school district is equal between two or more teachers, then seniority shall be determined by total teaching service with the school district whether or not continuous (such service shall be computed in the manner described in (a) and (b) above).
- (d) If total teaching service with the district is equal as between two or more teachers, then seniority shall be determined by placement on the salary schedule, i.e., the teacher with the higher salary shall be deemed the most senior (or any other factor selected by the Board, such as hours of recognized education credit earned).

LEGAL QUALIFICATIONS or LEGALLY QUALIFIED shall be defined as all statutory and regulatory prerequisites for teaching a particular subject or grade, including but not limited to, the certification requirements of Article 27 of The School Code and the academic experience requirements of the State Board of Education Document No. 1 (or its successor or supplementary requirements) in effect at the time of dismissal and/or recall.

Prior to February 1 of each school term, the administration shall post a listing of the seniority rank of all tenured teachers in the School District, along with a copy of this policy. Each teacher shall have ten (10) employment days thereafter to file written objection to his/her ranking and shall detail the alleged specific error in the ranking. Failure to make such timely objection will be deemed an acceptance of the ranking, and the teacher cannot thereafter challenge his/her seniority for the school term.

ARTICLE V

EMPLOYEE EVALUATION

A. PURPOSE OF EVALUATIONS

The primary purpose of employee evaluation shall be the improvement of instructional skills and all evaluations shall be conducted in good faith to this end and in accordance with the provisions of this Agreement.

B. PROCEDURES

1. A pre-observation conference shall be held between the evaluator and the teacher prior to the formal observation. Elements of the conference shall include, but not limited to:
 - a. Time and date of the observation,
 - b. Areas of concern,
 - c. Environment of the observation, and
 - d. Other special considerations.
2. A formal observation shall be conducted by at least one (1) classroom observation of at least thirty (30) consecutive minutes of a class period. Evaluation observations shall not be conducted without the knowledge of the teacher.
3. A post-observation conference shall be held between the evaluator and the teacher to discuss the written evaluation and to arrive at mutual goals for professional growth. If areas of performance are determined to be unsatisfactory, the evaluator may provide the teacher with assistance in

remediating such areas when it is practical to do so and when the teacher requests assistance.

4. The teacher may submit a written response which shall be attached to the evaluation and placed in his/her personnel file.

C. FREQUENCY OF EVALUATIONS

No later than September 1, 2022, each school district must establish a teacher evaluation plan that ensures that each teacher in contractual continued service whose performance is rated as either "excellent" or "proficient" is evaluated at least once in the course of the 3 school years after receipt of the rating (rather than at least once in the course of every 2 school years) and establish an informal teacher evaluation plan that ensures that each teacher in contractual continued service whose performance is rated as either "excellent" or "proficient" is informally evaluated at least once in the course of the 2 school years after receipt of the rating.

Non-tenured teachers will be formally evaluated at least once during each semester of each school term for the first two years of employment. During the third and fourth year, non-tenured teachers will be evaluated at least once. Teachers shall be given additional evaluations if requested by the teacher; nothing shall be construed to limit the number of formal evaluations of teacher performance deemed necessary by the Administration.

ARTICLE VI

LEAVES

A. SICK LEAVE

At the beginning of each work year, each full-time employee shall be granted fifteen (15) days sick leave without loss of pay for years 1 – 10, sixteen (16) days for years 11 – 15, seventeen (17) days for years 16 – 19 and eighteen (18) days for 20+ years. These days shall be in addition to a teacher's accumulated sick leave from the previous year, which shall be allowed to accumulate up to three hundred seventy-four (374) days. Sick leave may be used in accordance with Section 24-6 of The School Code (see Appendix 4). A teacher may use up to eight weeks of sick leave for maternity without regard to actual disability so long as the leave commences upon a doctor's order or at delivery of the child, whichever comes first. Additional paid sick leave up to 8 weeks upon a doctor's note. Part-time employee sick leave shall be pro-rated.

B. SICK LEAVE STATEMENT

At the beginning of each year, the Employer shall furnish each Employee with a written statement setting forth the total accumulated sick leave credit of said Employee.

C. SICK LEAVE BANK

Catastrophic illness/emergency sick leave in excess of accumulated days shall be granted according to the following procedures:

1. Initial requests shall be screened and approved or rejected by the A.E.A. Executive Committee.
2. Approved requests shall be screened and approved or rejected by the Board of Education.
3. Additional sick leave days granted shall not exceed the number of days equal to one-half (1/2) day or 15 days, whichever is less per certified staff member.
4. Certified staff shall be assessed at a rate of one-half (1/2) day per certified staff for a granted emergency leave.
5. Days assessed but not used shall not be reinstated to the staff but banked for use at any future time that requests for emergency sick leave are approved.
6. Additional sick leave granted shall adhere to the following procedure:

 - b. additional sick leave shall be secured through assessments
 - c. additional sick leave shall never exceed a number equivalent to one-half (1/2) the number of certified staff
7. All assessments shall be made from all certified staff or no assessments shall be made.
8. Upon retirement, certified staff may donate the balance of, or a portion thereof, of his/her unused sick leave to the bank.

D. PERSONAL LEAVE

Each teacher shall be entitled to three (3) personal leave days per school year to be used at his/her discretion subject to the following conditions:

1. Teachers should apply for personal leave as far in advance as possible in any given situation.
2. The administration may require justification of the short notice when application is made less than five (5) working days prior to the date of the requested leave.
3. Personal leave may be used on the day immediately preceding or following a school holiday or vacation or during the first or last ten (10) teacher employment

days only with the approval of the Superintendent and the building Principal. Unused personal leave may accumulate to a maximum of five (5) personal leave days. After the maximum accumulation of five (5) personal leave days, unused personal leave days shall automatically transfer to sick leave.

E. COURT LEAVE

Any employee called for jury duty or subpoenaed to testify in a child abuse proceeding shall lose no pay or benefits for such time. Daily rates received for such duties shall be reimbursed to the District for those working days when the teacher is absent.

F. BEREAVEMENT LEAVE

The Board shall allow up to four (4) days of leave without loss of pay. Leave shall be granted upon the death of a member of the immediate family or close friend. Bereavement leave need not be successive days. Such bereavement leave shall include leave for any business-related responsibilities related directly to the death. Further, such leave shall not reduce the total number of accumulated sick leave days or personal days. If additional time is needed for the death of an immediate family member, the employee must secure the Superintendent's approval. If such a request is granted, the employee may be given up to two additional days.

1. The immediate family (as defined in Section 24-6 of the School Code) of the teacher's spouse; and,
2. Aunts, uncles, nieces, nephews and first cousins of the teacher or his/her spouse.

G. UNPAID LEAVE

The Board of Education, upon recommendation of the Superintendent, may grant any tenured teacher an unpaid leave of up to three (3) semesters for child care, advanced study, travel that could be construed as a positive benefit to the educational program at AlWood Schools, or such other purposes and upon such other terms and conditions as may be determined by the Employer.

The Employer shall grant an unpaid child-rearing leave of absence upon the birth or adoption of a child to any tenured teacher who requests such leave in accordance with the general terms and conditions set forth below. Nothing in this provision requires any Employee to request an unpaid leave of absence for child-rearing purposes. It is understood that pregnancy shall be treated like any other disability with respect to use of sick leave.

Unless waived by the Employer, the following shall apply to all unpaid leaves:

1. All requests for leaves shall be made to the Superintendent or designee at least sixty (60) calendar days prior to the beginning of such leave. The application shall indicate the requested starting and ending dates of the leave, when possible, and the reasons for the request.
2. Any request for a leave based upon personal medical reasons shall be accompanied by a physician's statement indicating the nature, anticipated extent, and duration of the medical disability. A physical examination may be required of teachers returning from leaves for personal medical reasons. Any medical examination requiring a Board designated physician shall be at the Employer's expense
3. As a condition of any unpaid leave, a teacher must notify the superintendent or designee in writing of his/her intent to return at least sixty (60) days prior to the expiration of the leave or by March 1 if the leave extends to the end of the school year.
4. With the consent of the carrier, a teacher on leave may maintain insurance benefits by making timely payments of all premiums due to the Unit Office.
5. Any Employee who has been employed ninety (90) or more days of the school year, or the equivalent of one (1) semester, shall be entitled to advancement on the salary schedule as the teacher would have had if the leave had not been granted. Teachers shall lose no accumulated benefits as a result of such leave.
6. Reinstatement at the termination of such leave will be to the Employee's former position or its equivalent.

H. HAZARDOUS WEATHER CONDITIONS

When the absence of a teacher is due to severe weather conditions making travel hazardous, the teacher may use a personal or sick day. If he/she has exhausted personal or sick days or chooses not to use a personal or sick day, only the salary of the substitute shall be deducted from the teacher's salary.

The Board shall honor each teacher's first request in the order received and reimburse allowed expenses up to \$550 until the fund is depleted. If money remains in the fund after all first requests have been reimbursed, each second request shall be reimbursed up to \$450, third requests up to \$350, and fourth requests up to \$350. If insufficient money remains in the fund to reimburse all requests at the second, third or fourths in full, the remaining money shall be divided proportionally among the applicants for that round. There shall be no carry over if monies are not used.

J. GCN TRAINING

All employees required to complete GCN Training will be paid \$12.00 per required module completed.

K. TRANSCRIPTS

Transcripts for hours earned must be submitted to the Unit Office by August 31st in order for the hours to be applied for advancement on that year's salary schedule. Grade slips or written notice of course completion from the instructor shall suffice until a transcript can be supplied by the institution.

L. PAY FOR GRANT-RELATED WORK

Employees will be consulted before grants are submitted requiring extra work on their part. Such grants shall be written to provide ample funds to pay for adequate release time or stipends to compensate teachers for extra time spent on grant work. The employees involved shall be consulted as to their preference of release time or stipends. Stipends shall be based on actual or anticipated extra hours whichever is most appropriate to the type of work involved and paid at the rate designated in Appendix 2.

M. ADMINISTERING MEDICATION

(105 ILCS 5/10-22.21B) (from Ch. 122, par. 10-22.21b) Sec. 10-22.21b. Administering medication. (a) In this Section, "asthma action plan" has the meaning given to that term under Section 22-30. (b) To provide for the administration of medication to students. It shall be the policy of the State of Illinois that the administration of medication to students during regular school hours and during school-related activities should be discouraged unless absolutely necessary for the critical health and well-being of the student. **Under no circumstances shall teachers or other non-administrative school employees, except certified school nurses and non-certificated registered professional nurses, be required to administer medication to students.** This Section shall not prohibit a school district from adopting guidelines for self-administration of medication by students that are consistent with this Section and this Code. This Section shall not prohibit any school employee from providing emergency assistance to students.

N. RETIREMENT PAY

Early Retirement Incentive Program for Certificated Employees

Certified employees who have served at least 10 years with the District and elect to retire from the District may participate in the District's Early Retirement Program provided they create no TRS Early Retirement Option penalty and/or 6% cap penalty. If an eligible certified employee gives the District an irrevocable notice of retirement by

May 1 of any year up to four (4) years prior to the year of retirement, the District shall pay him/her a six percent (6%) retirement incentive, inclusive of all other increases in TRS creditable compensation, for each of his/her remaining years of service not to exceed four (4) years provided they create no TRS Early Retirement Option penalty and/or 6% cap penalty.

An eligible Teacher may access either Option 1 or Option 2 below. Accessing one option will preclude access to the other.

Option No. 1

1. To be eligible to choose any of the following Plans under this Option, a Teacher must:

- (a) Have at least ten (10) years of full-time creditable TRS service within the District by the last day of service in the District;

AND

- (b) Be at least fifty-five (55) years of age with thirty-five (35) total years of creditable TRS service by the last day of service in the District;

OR

- (c) Be at least sixty (60) years of age by the last day of service in the District.

2. A teacher at least sixty-two (62) years of age and having at least five (5) years of TRS service within the District by the last day of service in the district may also be eligible for any of the following Plans under this Option.
3. For purpose of this Option, nonexempt TRS creditable compensation (earnings) is defined by TRS rules and regulations.
4. Eligibility requirements are for the year the retirement becomes effective not the year the resignation is submitted.

Plans

One Year Plan

If an eligible Teacher gives the Board an irrevocable letter of retirement prior to May 1 stating that he/she shall retire at the end of the next school year, the Teacher will be removed from the salary schedule and for the final year of employment the Teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the Teacher's nonexempt TRS creditable earnings for the prior year of employment.

Example: The Teacher's prior year nonexempt TRS creditable earnings were \$40,000.00. The Teacher's final year nonexempt TRS creditable earnings will be \$42,400.00 (i.e., $\$40,000.00 \times 1.06 = \$42,400.00$).

Two Year Plan

If an eligible Teacher gives the Board an irrevocable letter of retirement prior to May 1 two (2) years prior to the year of retirement, the Teacher will be removed from the salary schedule and for the final two (2) years of employment the Teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the Teacher's nonexempt TRS creditable earnings for the prior years of employment respectively.

Example: A Teacher gives his/her irrevocable letter of retirement prior to May 1, 2023, stating he/she will retire on June 30, 2025. The Teacher's nonexempt TRS creditable earnings for the 2022-2023 school year were \$40,000.00. The Teacher's nonexempt TRS creditable earnings for the 2023-2024 school year will be \$42,400.00 (i.e., $\$40,000.00 \times 1.06 = \$42,400.00$). The Teacher's nonexempt TRS creditable earnings for the 2024-2025 school year will be \$44,944.00 (i.e., $\$42,400.00 \times 1.06 = \$44,944.00$).

Three Year Plan

If an eligible Teacher gives the Board an irrevocable letter of retirement prior to May 1 three (3) years prior to the year of retirement, the Teacher will be removed from the salary schedule and for the final three (3) years of employment the Teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the Teacher's nonexempt TRS creditable earnings for the prior years of employment respectively.

Example: A Teacher gives his/her irrevocable letter of retirement prior to May 1, 2023, stating he/she will retire on June 30, 2026. The Teacher's nonexempt TRS creditable earnings for the 2022-2023 school year were \$40,000.00. The Teacher's nonexempt TRS creditable earnings for the 2023-2024 school year will be \$42,400.00 (i.e., $\$40,000.00 \times 1.06 = \$42,400.00$). The Teacher's nonexempt TRS creditable earnings for the 2024-2025 school year will be \$44,944.00 (i.e., $\$42,400.00 \times 1.06 = \$44,944.00$). The Teacher's nonexempt TRS creditable earnings for the 2025-2026 school year will be \$47,640.64 (i.e., $\$44,944.00 \times 1.06 = \$47,640.64$).

Four Year Plan

If an eligible Teacher gives the Board an irrevocable letter of retirement prior to May 1 four (4) years prior to the year of retirement, the Teacher will be removed from the salary schedule and for the final four (4) years of employment the Teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the Teacher's nonexempt TRS creditable earnings for the prior years of employment respectively.

Example: A Teacher gives his/her irrevocable letter of retirement prior to May 1, 2023, stating he/she will retire on June 30, 2027. The Teacher's nonexempt TRS creditable earnings for the 2022-2023 school year were \$40,000.00. The Teacher's nonexempt TRS creditable earnings for the 2023-2024 school year will be \$42,400.00 (i.e., $\$40,000.00 \times 1.06 = \$42,400.00$). The Teacher's nonexempt TRS creditable earnings for the 2024-2025 school year will be \$44,944.00 (i.e., $\$42,400.00 \times 1.06 = \$44,944.00$). The Teacher's nonexempt TRS creditable earnings for the 2025-2026 school year will be \$47,640.64 (i.e., $\$44,944.00 \times 1.06 = \$47,640.64$). The Teacher's nonexempt TRS creditable earnings for the 2026-2027 school year will be \$50,499.78 (i.e., $\$47,640.64 \times 1.06 = \$50,499.78$).

Option No. 2

1. To be eligible for this Option, a Teacher must have at least ten (10) years of full-time creditable TRS service in the District at the time of retirement and, upon retirement, the Teacher's retirement cannot cost the District any Early Retirement Option (ERO) penalty.
2. If an eligible Teacher gives the Board an irrevocable letter of retirement prior to September 1 stating that he/she shall retire at the end of the current school year, the Teacher shall be removed from the salary schedule, and for the final year of employment, the Teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the Teacher's nonexempt TRS creditable earnings for the prior year of employment.

Example: The Teacher's prior year nonexempt TRS creditable earnings were \$40,000.00. The Teacher's final year nonexempt TRS creditable earnings will be \$42,400.00 (i.e., $\$40,000.00 \times 1.06 = \$42,400.00$).

Miscellaneous

1. If after submitting an irrevocable letter of retirement, the Teacher resigns from or is removed for cause from duties for which the Teacher was compensated the previous year (i.e., Appendix B, extended contract and/or stipends), the Teacher's nonexempt TRS creditable earnings will be adjusted accordingly.

Example: The Teacher's nonexempt TRS creditable earnings from the 2022-2023 school year were \$43,000.00, of which \$3,000.00 was compensation for coaching basketball in 2022-2023. Under the Teacher's retirement plan, he/she would be scheduled to receive \$45,580.00 nonexempt TRS creditable earnings for the 2023-2024 school year (i.e., $\$43,000.00 \times 1.06 = \$45,580.00$). However, the Teacher resigns from his/her coaching position before the start of the 2023-2024 school year. The Teacher's nonexempt TRS creditable earnings for the 2023-2024 school year will be \$42,400.00 (i.e., $\$40,000.00 \times 1.06 = \$42,400.00$) rather than \$45,580.00.

2. The Board, in its sole discretion, may allow the Teacher to rescind his/her letter or retirement because of serious illness or life changing circumstances, provided the Teacher returns to the Board any nonexempt TRS creditable earnings paid to the Teacher in excess of the amount the Teacher would otherwise have received under the salary schedule for such year(s) in which the creditable earnings were paid.

O. COMPENSATION FROM OTHER TEACHERS

A teacher may not accept money or any other form of compensation from a substitute or other teacher in exchange for assuming his/her duties.

P. PROFESSIONAL DEVELOPMENT

Teachers are encouraged to seek opportunities for professional growth. Each teacher may be granted four (4) days per year, without loss of pay, to participate in workshops, seminars, or conferences related to the teacher's teaching assignment. Teachers may be granted one (1) additional day each year to attend a workshop, seminar, conference, or clinic related to each extra-duty assignment.

Registration fees, banquet, other meals, mileage, and lodging will be reimbursed up to \$170.00 per day in accordance with the policies of the Illinois State Board of Education (ISBE) (see Appendix 5) with the following stipulations:

1. If the conference is over 100 miles away, or the conference involves more than one day and is more than 50 miles away, the teacher may be reimbursed for lodging at the ISBE rate.
2. Staff members directed to attend conferences or taking students to competitions, meetings, or workshops shall not be considered on professional leave and shall be reimbursed in full for registration fees, mileage, and lodging plus the ISBE per day allowance for meals.

ARTICLE VIII

GRIEVANCE PROCEDURE

A. DEFINITIONS

A grievance shall be any claim by a teacher or the A.E.A. that there has been a violation, misinterpretation, or misapplication of the terms of this Agreement.

B. BASIC PRINCIPLES

1. All time limits consist of school days, except that when a grievance is submitted less than five (5) days before the close of the current school term, the time limit shall consist of all week days in order that the matters may be resolved before the close of the school term or as soon as thereafter is possible. School days for purposes of the grievance procedure shall mean teacher employment days.
2. Every individual covered by this Agreement or the A.E.A. shall have the right to present grievances in accordance with these procedures.
3. Failure of the individual or the A.E.A. to act on any grievance within the prescribed time limits will act as a bar to any further appeal and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. The time limits, however, may be extended by mutual agreement.
4. It is agreed that any investigation or other handling or processing of any grievance by the teaching staff or A.E.A. shall be conducted so as to result in minimal interference with the instructional program and related work activities of the teaching staff.
5. The Employer shall immediately inform the A.E.A. of any grievance.
6. The Board acknowledges the right of the grievance representative to participate in the processing of a grievance at any level.
7. When an Employee chooses not to be represented by the Association, the Association shall reserve the right to have its representative present to state its views at any stage of the grievance procedure.
8. The Board of Education agrees that the administration will cooperate with the Association's or individual's investigation of any grievance.

C. PROCEDURES

Step One

An attempt shall be made to resolve any grievance in informal, verbal discussion between complainant and his/her Principal and/or Superintendent.

Step Two

If the grievance cannot be resolved informally, the individual or A.E.A. shall file the grievance in writing and, at a mutually agreeable time, discuss the matter with the Principal. The written grievance shall state the nature of the grievance, shall note the specific Agreement item of the grievance, and shall state the remedy requested. The filing of the formal, written grievance at the second step must be within fifteen (15) days from the date of the occurrence of the event giving rise to the grievance. The Principal shall make a decision on the grievance and communicate it in writing to the teacher, A.E.A., and the Superintendent within five (5) days after receipt of the grievance.

Step Three

In the event a grievance has not been satisfactorily resolved at the second step, the grievant or the Association shall file, within five (5) school days of the Principal's written decision at the second step, a copy of the grievance with the Superintendent. Within ten (10) school days after such written grievance is filed, the grievant and the Superintendent shall meet to resolve the grievance. The Superintendent shall file an answer within ten (10) school days of the third step grievance meeting and communicate it in writing to the grievant, the A.E.A., and the Principal.

Step Four

If a satisfactory response is not received from the Superintendent, the A.E.A. may, within ten (10) working days, present the grievance to the Board of Education who shall respond at the next scheduled meeting of the Board of Education provided the grievance is presented at least three (3) days prior to the scheduled meeting.

Step Five

If the Association is not satisfied with the disposition of the grievance at Step Four or the time limits expire without the issuance of the Superintendent's written reply, the Association may submit the grievance to final and binding arbitration under the Voluntary Labor Arbitration Rules of the American Arbitration Association which shall act as the administrator of the proceedings. If a demand for arbitration is not filed within thirty (30) days of the date for the Step Four answer, the grievance shall be deemed withdrawn.

Neither the Board of Education nor the Association shall be permitted to assert any grounds before the arbitrator which have not previously been disclosed to the other party prior to Step Five.

The arbitrator shall not alter the provisions of the Agreement. His authority shall be strictly limited to deciding only the issues presented to him in writing by the School District and the Association and his decision must be based only upon his

interpretation of the meaning or application of the express relevant language of the Agreement.

Each party shall bear full costs for its representation in the grievance procedure.

If either party requests a transcript of the proceedings, that party shall bear full costs for that transcript. If both parties order a transcript, the costs of the two transcripts shall be equally divided between the Board and the Association.

Each party shall share equally the cost of the arbitrator and the American Arbitration Association costs.

D. RELEASED TIME

If the resolution of a grievance requires a teacher or Association representative to be released from that teacher's regular assignment for the investigation or processing of a grievance, the teacher or Association representative shall be released without loss of pay or benefits. Both parties agree that no more than three (3) witnesses shall be called to testify to any specific item and no more than a total of nine (9) witnesses can be called in any grievance hearing.

E. FILING OF MATERIALS

All records related to a grievance shall be filed separately from the personnel files of the teachers.

F. GRIEVANCE WITHDRAWAL

A grievance may be withdrawn at any level without establishing precedent.

G. REPRISALS

No reprisals of any kind shall be taken by the Board or the Administration against the teacher because of his/her participation in this grievance procedure.

ARTICLE IX

FRAMEWORK FOR COLLECTIVE BARGAINING

A. BARGAINING NOTIFICATION

The parties shall commence bargaining for a successor agreement no earlier than January 1 and no later than July 1 of the expiration year of this Agreement.

B. AUTHORITY OF REPRESENTATIVES

Each party shall select its own representatives. The parties mutually pledge that their representatives will be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations.

C. OFFICIAL COPIES

There shall be two (2) signed copies of any final Agreement. One (1) copy shall be retained by the Employer and one (1) copy shall be retained by the Association.

D. PRINTING OF CONTRACT, COSTS, AND DISTRIBUTION

Within thirty (30) days after the Agreement is signed, copies of this Agreement shall be printed at the expense of the Employer and presented to each Bargaining Unit Member. In addition, the Employer shall provide the Association with five (5) copies of the Agreement without charge to the Association.

E. CONTRACTUAL AMENDMENTS

The parties may modify or amend this Agreement by mutual consent. Such changes shall not be effective until they are reduced to writing, ratified, and signed by the parties as an amendment to this contract.

ARTICLE X

EFFECT OF AGREEMENT AND DURATION

A. BOARD POLICY, EMPLOYER RIGHTS

The Employer agrees that no Board policy shall be implemented which conflicts with the terms of this Agreement. The Employer retains its statutory rights to manage the school district.

B. SEVERABILITY

1. If any provision of this Agreement or any application of this Agreement to any teacher or to any group of teachers is held to be contrary to law by a court of competent jurisdiction, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
2. The provision shall remain in full force and effect until a court decision has been reached with respect to the legality, validity, or enforceability of such provision.

C. NO STRIKE OBLIGATION

The Association, as sole and exclusive bargaining representative for all full-time and part-time certificated or professional non-supervisory personnel, agrees that, during the term of this Agreement and any mutually agreed to extension thereof, they shall not engage in or authorize any concerted strike activity of the bargaining unit. The Employer agrees that, for the duration of this Agreement and any extension thereof, it will not engage in a lockout of its Employees.

D. DURATION

This Agreement shall be effective at 12:00 a.m. on the first Employee workday of the 2022-2023 school term and shall continue in effect until 11:59 p.m. on the day preceding the first Employee work day of the 2026-2027 school term.

ILLINOIS SCHOOL CODE, SECTION 24-6

5/24-6. Sick leave

§ 24-6. Sick leave. The school boards of all school districts, including special charter districts, but not including school districts in municipalities of 500,000 or more, shall grant their full-time teachers, and also shall grant such of their other employees as are eligible to participate in the Illinois Municipal Retirement Fund under the "600-Hour Standard" established, or under such other eligibility participation standard as may from time to time be established, by rules and regulations now or hereafter promulgated by the Board of that Fund under Section 7-198 of the Illinois Pension Code, as now or hereafter amended, sick leave provisions not less in amount than 10 days at full pay in each school year. If any such teacher or employee does not use the full amount of annual leave thus allowed, the unused amount shall be allowed to accumulate to a minimum available leave of 180 days at full pay, including the leave of the current year. Sick leave shall be interpreted to mean personal illness, quarantine at home, or serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. The school board may require a physician's certificate, or if the treatment is by prayer or spiritual means, that of a spiritual adviser or practitioner of such person's faith, as a basis for pay during leave after an absence of 3 days for personal illness, or as it may deem necessary in other cases. If the school board does require a physician's certificate or a certificate from a spiritual healer as a basis for pay during leave of less than 3 days, the school board shall pay, from school funds, the expenses incurred by the teachers or other employees in obtaining the certificate.

If, by reason of any change in the boundaries of school districts, or by reason of the creation of a new school district, the employment of a teacher is transferred to a new or different board, the accumulated sick leave of such teacher is not thereby lost, but is transferred to such new or different district.

For purposes of this Section, "immediate family" shall include parents, spouse, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, and legal guardians.
